CHAIR'S MESSAGE

Many of our members take advantage of our popular Chamber mixers and other events on a regular basis for the purposes of networking and relationship building. Did you know that there is a way that you can become involved on a much more impactful level? Consider becoming a Chamber Ambassador!

The Ambassador program is a premier business-networking program whose mission is to serve as an elite group of volunteers that assist the Chamber with member retention, education and outreach. An Ambassador will help host and volunteer at Chamber events and activities such as ribbon cuttings, grand openings and mixers. They also deliver new member plaques, celebrate member anniversaries and refer members to other members. So, what's in it for you? The benefits of being a Chamber Ambassador are many and include, but certainly are not limited to, increased visibility within the county, meeting people you would not otherwise encounter in your daily routine, building your profile in the community, opportunities to interact with local members/employers and an insider perspective of our area's business community.

How do you know if you'd be a good fit for becoming an Ambassador? If you have an interest in becoming more active in our Chamber, would like to increase your exposure to the business community and have been a Chamber member in good standing for at least 90 days, then you can complete an application to join! All applicants are subject to final approval by the Ambassadors Committee. What are you waiting for? Call or email Joel Black at jblack@chambersburg.org or 717-264-7101 ext. 202 to get your application. I look forward to seeing you as an Ambassador at our next event!

MAXIMIZING YOUR MEMBERSHIP

Businesses are interested in joining a Chamber of Commerce for a variety of reasons; some would like more exposure in the business community or extra advertising opportunities, while others are looking to network and give back to the community.

The Chambersburg Chamber is the largest business advocacy organization in Franklin County. We would not exist without the strong support of the business community, and we are grateful for your commitment. We continue to seek more ways to add value to your Chamber membership such as exclusive health care options, insurance that earns dividends, energy savings and much more. We recently asked two of our members for their perspective on how the Chambersburg Chamber has helped their business prosper.

Melanie Furlong with **Spritrust Lutheran Home Care & Hospice**, said: "Being a member of the Chamber has opened a lot of doors for me, both personally and professionally. I have taken advantage of many opportunities to meet new people and make invaluable connections, whether it's volunteering on a committee, attending a leadership program or simply attending a mixer. I believe that our agency has increased awareness of our brand and our purpose in the community because of our membership in the Chamber."

Every business that joins the Chambersburg Chamber has access to our exclusive CORE Benefits. These include year-round networking opportunities such as mixers and Lunch & Learns, special member pricing at important regional

events, listings in the business directory, a membership plaque and online certificate, advertising opportunities, access to posting events on our Community Calendar, discounts to add jobs on FranklinCountWorks.com, member services, subscriptions to Chamber communications for all employees and many others. For a full list of these CORE benefits, please visit Chambersburg.org/MemberBenefits.

Mark Story with **The Tide** also discussed the value he found in his Chamber membership. He said, "Since 2001, I have served in the nonprofit sector as a member of the Chambersburg Chamber. Both organizationally and personally, the Chamber has been a benefit and well worth the member dues. I have found the newsletter and mixers to be a fantastic way to heighten awareness of our work within the community. We get more accomplished as a result of belonging."

This year, we would like to encourage every member to reach out to your fellow Chamber members to make more connections, which helps keep our community strong. If you do business with a non-Chamber member, please let our membership director Joel Black know - he is always happy to meet with potential members and discuss how the Chamber can help benefit their business.

If you have questions or would like to learn more about further maximizing your Chamber membership, please reach out to any of the Chamber staff at 717-264-7101; together we can help everyone succeed and positively impact our community.

Public Policies Agenda

The Greater Chambersburg Chamber of Commerce accepts the responsibility to represent its members as the voice of business, with a goal to ensure the business community's best interests are always represented in the region's governments. For this reason, the Chamber's board of directors annually reviews and approves the Public Policies Agenda.

The Chamber staff and board of directors monitor borough, county, state and federal activities throughout the year and represent our members on issues and legislation affecting the welfare of businesses and the quality of life in the Chambersburg area. The Chambersburg Chamber also adopts the positions of the

PA Chamber on a regional level. Issues currently in the agenda include addressing workforce development needs, combating the prescription drug and opioid epidemic, opposing reverse tax appeals, widening Interstate 81, affordable/accessible health care, etc.

To view the latest Public Policies Agenda, visit Chambersburg.org under "Public Policy Positions" in the "About Us" tab. The agenda is updated annually to reflect the issues currently facing our community. In addition to specific priorities outlined, the board of directors may identify key issues throughout the year that the Chamber will advocate for on behalf of the business community.

SANDLER TRAINING

1600 Sixth Ave., York, PA | 717-578-8449
marybeth.staub@sandler.com | Getano.Sandler.com

Sandler Training is a training and development organization. We work with local businesses who are experiencing challenges in some area of their sales process. Sometimes that sounds like frustratingly long sales cycles, struggles getting to the decision maker or the weariness of doing a lot of proposals or presentations only to be turned into unpaid consultants who find themselves in chase mode. We help solve these issues by providing ongoing, gradual and incremental training and by teaching a system and process for selling that saves time, energy and money. If these issues are relevant in your world or worth a conversation, we would love to connect and to learn more about you.

We are in our 30th year of helping serious business owners who are tired of getting the same results and are looking to do something differently. Our passion is to coach and train businesses' sales, customer care and management teams and help them grow personally and professionally to achieve higher results.

CHAMBERSBURG PHOENIX FOOTBALL ORGANIZATION

480 Kraiss Ave. Chambersburg, PA 17201 | 717-404-7056
Chambersburgphoenix@comcast.net | ChambersburgPhoenix.com

The Chambersburg Phoenix Football Organization was founded in 2018 with the goal of providing community service, family entertainment and opportunity for local athletes. This team is being led by legends who grew up playing the game and currently hold hall of fame titles. We are a nonprofit team purely created because of a deep love of the game and the community.

The Chambersburg Phoenix team has a passion to volunteer our time to the community youth and help to make stronger family bonds within our community. This past summer, we had our first annual football camp for the youth of our community, free of charge. There was a great turnout, and we are looking for an even better experience this year. Our calling is giving back to our community by giving our time, wisdom and commitment in the form of mentorships and being positive role models on the field. We have a vision to make our own foundation one day for an after-school youth center that will help keep the youth focused and encouraged in living their best lives. In order for us to make a difference, we rely solely on the support of generous individuals and businesses in our community.

We are currently creating a football team made of skilled and talented players. Our next tryouts are May 5th. If you are interested in taking your game to the next level, email us. If you are interested in giving back to your community, email us. If you want to help volunteer and be part of the next level experience, email us. We need our community support and value all our local businesses and have plenty of spotlight to give to potential sponsorships.

PA CHAMBER UPDATE

In March, the PA Chamber joined a broad-based, nationwide coalition of business advocates and associations in sending a letter to Congress urging the repeal of the so-called "Cadillac Tax," an impending 40 percent tax on employer-provided health care.

The tax, which was created as part of the Affordable Care Act, was initially supposed to be assessed starting in 2018 on health plans that are above \$10,200 per individual and \$27,500 for family coverage. While it was promoted as a tax that would only hit Americans with top-tier health plans, the reality – as pointed out in the letter – is that "very modest plans covering low-and moderate-income working families are projected to trigger the tax."

The coalition further warned that it would result in disproportionate taxation of health plans for women, seniors, working middle class families, the sick and the disabled. "Small businesses that already struggle to offer health care coverage will also be heavily penalized," the group wrote. "This tax has real and harmful consequences – Americans cannot afford to pay more for their health care."

Due to the aggressive advocacy efforts of the PA Chamber and other pro-business groups, this tax has been delayed a few times and now isn't scheduled to take effect until 2022. However, it still looms large as a major concern for employers and is now widely opposed by Republicans and Democrats alike. In fact, more than 300 members of the U.S. House of Representatives cosponsored legislation in the last Congress to repeal the tax. "Working families are already stretched too thin," the coalition stated. "Let's work together to keep health care affordable and available for 181 million Americans."

CEC VISITS HANOVER

The Community Education Coalition (CEC) Employability Committee took a field trip to Hanover High School Integrative Learning Center & STEAM Academy, Music Technology, Culinary and Metal Laboratory Areas in early March. Hanover Superintendent Dr. John Scola welcomed the group and discussed the districts strategic plan to enhance student career and college readiness which was done in partnership with Hanover's Chamber of Commerce. This collaboration led to the formation of their cutting edge, in-house learning areas, partnerships with local business who offered for credit classes and ultimately job placements. CEC hopes to bring best practices back to our county to be utilized in districts and at our **Franklin County Career and Technology Center**.

YOUTH LEADERSHIP

Leadership Franklin County (LFC) Youth toured the Franklin County Jail recently under the guidance of Warden Bill Bechtold, Deputy Warden James Sullen and Major/Chief Correctional Supervisor Douglas Burget. Sullen emphasized their mission: "To protect the public by providing the care, custody and control of confined individuals who are accused of or convicted of a crime."

Dr. Kim Eaton, director of the Day Reporting Center educated students on statistics and costs associated with the facility. Youth Leaders also heard from a panel of four inmates, learning firsthand about their experiences. Maria Banks, **CASHS** truancy outreach specialist, finished the day discussing what student expectations for the tour were versus the reality of what they saw. LFC would like to thank the entire staff of Franklin County Jail and our Youth Steering Committee for making this important learning experience possible.

LFC Youth recruitment is well underway for our next class of 25 rising sophomores. With over 50 applications from nine high schools, the steering committee is busy interviewing all applicants to choose those who will represent their schools starting in May. Graduation for our current class will occur on Tuesday, April 30 at 6 p.m. at Wilson College.

The afternoon session was held at Wilson College/Cumberland Valley School of Music with a panel discussion on arts within our county. The day ended with improv, a tour of CVSM and performances from various artists.

DOWNTOWN INVESTMENT

Downtown Chambersburg is witnessing significant investment thanks to the vision of institutions and entrepreneurs in our community. You cannot visit downtown without noticing a construction project! The courthouse construction is currently the largest, but small scale projects are occurring as well. Recently, **eLynxx Solutions** announced they are moving their headquarters to Kerrstown Square on South Main Street. We would love for you to bring your company or your business's second or third location to our downtown. Downtown Chambersburg Inc. (DCI) is ready to help you relocate.

If you are looking to help DCI leverage these investments, or you are looking for branding opportunities, DCI has a variety of sponsorship and contribution options. These include supporting The Foundry Artist Co-op, volunteering at events like the Duck Derby, CrabFeast and Summer Movies or providing in-kind assistance or financial contributions. Please contact Sam for more details (contact info above).
