CHAIR'S MESSAGE

If you have browsed the Chamber website, you may have come across our public policy positions on a variety of issues that affect our member businesses. The Chamber wants to be sure that its role as the premier business organization in the area is to represent the best interests of our members in the region's government.

The policy with which most of us may feel the biggest impact is the shortage of a skilled workforce. The Chamber staff and board are regularly involved in community conversations to find innovative solutions that will help residents acquire the skills needed to enter or re-enter the workforce. We also engage with local schools and institutions to ensure the teachers understand how to incorporate workforce development into their curriculums.

Another policy position that we support is the opposition of a minimum wage increase. The bulk of our members are small business owners; an increase in minimum wage requirements would impact them the most due to thin profit margins. These small businesses may also be forced to limit their staff or halt hiring altogether. Other local policy positions are related to the opioid epidemic, reverse tax appeals and the widening of I-81. The Chamber board reviews its policy positions yearly and on an as-needed basis. This format allows the board to have spirited discussions with all sides of an issue considered. Our goal has always been, and will continue to be, advocating for our members. I encourage you to go to our website and read more about our local and state policy positions at Chambersburg.org/PublicPolicyPositions. For additional questions or feedback, contact Lark Kennedy at lkennedy@chambersburg.org.

CHAMBERSFEST MAJOR SUCCESS

More than 15,000 people enjoyed 17 events during the weeklong festival held in mid-July. Residents and visitors experienced fun, family-friendly activities during ChambersFest while local businesses saw a boost in customers. Events were coordinated by a variety of organizations with the Chambersburg Chamber and its affiliates hosting five events. These included Restaurant Week, Tim & Susan Cook Memorial Race, Scoop-a-Palooza, Pop-Up Beer Garden & Multicultural Cuisine and ChambersFest Summer Swag. Following the street festival, the Franklin County Visitors Bureau hosted their 5th annual talent search contest: A Cappella & Unplugged. Finally, the weeklong event culminated with the ever-popular laser light show, 1864: The Burning.

In particular, the 3rd Annual ChambersFest Restaurant Week saw a significant increase in participating restaurants, patrons and social media engagement. BRECHBILL & HELMAN CONSTRUCTION COMPANY, INC.

1115 Sheller Ave., Chambersburg, PA 17201 | 717-263-4621
BrechbillandHelman.com

Brechbill & Helman Construction Company, Inc. of Chambersburg, PA has recently received recognition for the National ABC Excellence in Construction Award for the Hospice of Washington County (HWC)-Doey's House in Hagerstown, MD. The national awards competition recognizes outstanding quality and innovation in merit shop construction projects.

Doey's House is a 12-bed inpatient hospice with expansion capabilities to 16-bed and is the only active licensed hospice in Washington County, Maryland. At 80% completion, an unfortunate tragedy struck when a fire erupted and destroyed the entire structure. Firetrucks and EMS crew arrived shortly before 3 a.m. and approximately 80 firemen battled wind-driven flames for three hours to get it under control.

"Despite the set-backs the Hospice board, contractors, architects, engineers and volunteers were all committed to donating their time and resources to rebuild as it was designed, once more," stated Gregg Thompson of Brechbill & Helman. "The resolve and tireless dedication of a community, construction workers and volunteers were impeccable. Undeterred by having to start completely over from the concrete floor, our company delivered the 16,400 square-foot facility less than 90 days past the initial completion date."

In the fall of 1976, **Shalom Christian Academy** opened its doors as a six-room schoolhouse to 87 students only six weeks after a bulldozer removed the topsoil for construction crews to begin the building. Now 43 years later, more than 480 Shalom students will be welcomed back for a new school year with an upgraded and modern facility that allows Shalom to better provide a 21st century education. We are a fully accredited Christian Pre-K through 12th grade school located four miles south of Chambersburg and one mile north of Marion.

"The elementary and middle school areas of the building have been totally renovated - new ceiling, paint, flooring, windows, HVAC and restrooms. There will be a whole new look," Administrator Angie Petersheim said. "The current renovations are Phase One of the school's four-phase Capital Campaign which will add more classrooms and office space, expand and update the athletics and fine arts spaces, as well as improve security and technology as the school continues to grow."

"To celebrate the campaign progress with the community, we welcome the public to join us on Tuesday, August 27 for an Open House from 3-6 p.m. and special Dedication Ceremony at 5 p.m. "We're excited to share these exciting changes to our school with the community," Petersheim said. "Visitors can tour the school and see the exciting changes up close. We hope you will join us."

This year marks **Schaedler Yesco's** 95th anniversary. While few in the industry can boast a legacy such as this, the focus of the company's celebration is less about the past, and more about the journey taken to arrive at today. The company plans not only to celebrate its longevity, but to acknowledge the tenure of suppliers and partners that enable them to satisfy customers. Volunteers from **The Rotary Club of Chambersburg, Satellite Club**, recently connected with their local community, helping to unload and organize diapers in a Diaper Depot service project at Central

Presbyterian Church. In the U.S., one in three families with children in diapers will lack a sufficient supply of diapers to keep an infant or toddler clean, dry and healthy. Central Presbyterian Church took a step to help by opening the Diaper Depot at Central (DD@C). The diapers are given, no strings attached, courtesy of the congregation of Central. Volunteers spend time forming relationships with families, getting to know them and offering prayer.

"RECOVERY TO WORK" LEGISLATION PASSES SENATE

The state Senate recently passed PA Chamber-supported legislation to create a "Recovery to Work" pilot program that aims to help facilitate employment for individuals recovering from substance abuse.

[News Update](#)

Senate Bill 118 would connect people in recovery programs with occupations through local workforce development boards. The program would be spearheaded by the Department of Labor and Industry, with assistance from the Departments of Health; Community and Economic Development; Drug and Alcohol Programs and the Pennsylvania Commission on Crime and Delinquency.

The widespread, bipartisan efforts to develop workforce solutions and fight back against Pennsylvania's opioid epidemic are both multi-faceted and interconnected in many ways. For both issues, a shared goal is helping individuals secure gainful employment – which not only helps to break the cycle of addiction, but helps those with a history of substance abuse get a second chance at a rewarding job. The bill was supported by the PA Chamber of Business & Industry and now awaits consideration by the House Labor and Industry Committee.

The Chambersburg Chamber seeks to improve Pennsylvania's workers' compensation system and help address prescription drug overuse and opioid addiction. For more information about our public policy positions, please visit Chambersburg.org/PublicPolicyPositions.
