NATIONAL FIRE ACADEMY (6 DAY) OFF-CAMPUS COURSE

Command and Control of Fire Department Operations at Target Hazards

March 16-21, 2020

This six-day course is designed to introduce command officers to the complexities involved in commanding incidents in high-risk areas. Students are confronted with a number of fire and rescue incidents that include high life hazard, multiple exposure and unusual occupancy risk considerations.

Students are taught operational applications in the Incident Command System (ICS), command and control, decision-making, strategic and tactical considerations, preincident preparation, documentation and post-incident analysis.

Several simulations and case studies are used to depict and review incidents in various types of target hazards such as: Penal institutions, Bulk oil-storage facilities, Nursing homes, Colleges, Chemical/agricultural manufacturing plants, and Grain elevators.

The primary target audience for this course is those Individuals or Company Officers who have the responsibility to command incidents involving target hazards. Additionally, officers who may have this responsibility eventually and are upwardly mobile in their organizations may be considered.

- DATE:** Monday, March 16 and Saturday, March 21, 2020
- TIME:** 0800 – 1700 hours each day
- LOCATION:** Paine Field Fire Department
10630 36th Place W
Everett, WA 98204
