 NATIONAL FIRE ACADEMY (6 DAY) OFF-CAMPUS COURSE

Leadership Strategies for Community Risk Reduction

April 20-25, 2020

This six-day course is designed for the student who has or will have responsibility to develop, implement and lead community risk reduction and health programs to include human-caused, natural disasters, and health risks. The course empowers students with knowledge of how to prevent, reduce and mitigate community risk.

This course advocates the use of:

- Proven interventions.
- Mechanisms to gather and analyze critical data.
- Actions to target specific at-risk populations.
- Evaluation.
- How to build internal and external support to accomplish the changing mission of fire and emergency services.

This course will benefit progressive fire and Emergency Medical Services (EMS) departments who are initiating programs to reduce their community's risks and mitigate their consequences:

- Students desiring to enhance their knowledge and skills to lead fire prevention, community risk reduction initiatives, illness prevention and health promotion at the local, state or national level.
- Target audiences include chief fire officers, company officers, firefighters, fire inspectors, fire marshals, EMS officers, fire and life safety educators, and other community or allied professionals in community risk reduction.

DATE: Monday, April 20 through Saturday, April 25, 2020
