*Letter from **the President***

The commitment to the community began in 1938 and continues today

Dear Chamber Member,

Since 1938, the Mt. Pleasant Area Chamber of Commerce has been serving businesses in our community to help provide resources to foster a progressive and economically viable community. During this time, our community has been influenced by the environment, social factors, and leadership. While our community has shifted, the Mt. Pleasant Area Chamber of Commerce's foundational belief of helping business has not.

As the new President of the Mt. Pleasant Area Chamber of Commerce, I am eager to continue to work together with our members to serve the

business community. With a member survey and a strategic plan in the works as I write, I am excited for what 2023 has in store for our organization, our members, and our community.

Thank you for your support of the Mt. Pleasant Area Chamber of Commerce. Working together, we can build partnerships, focus on initiatives, and provide a louder voice for business.

Sincerely,
Liz Conway

MEET GERALD.

Listening Ear Crisis Center
THERE WHEN LIFE GETS TOUGH.

The mission of
Listening Ear

Gerald's story might sound familiar. He's a working man with a demanding schedule, working 2nd shift, often working overtime even though he'd rather be home with his family. He has to make ends meet. Living paycheck to paycheck, feeling like he cannot provide for his family, while doing a demanding job. One day, Gerald gets sick and can't work for a week. A whole week of pay out the door, Gerald doesn't know what to do. He has bills, rent, and is missing half of a paycheck. He has to cut costs, but where? And how does that reflect on him, one of the providers for his family,

the pressures of the working man taking a toll on him.

Gerald, like many working class people in our community, is feeling the hardships that come from increased cost of living and a demanding workload. According to the 2021 Michigan Suicide Prevention Commission, Gerald and many other workers are at a high risk for suicide. Men are especially at a higher risk, and men and workers like Gerald don't know where to turn when life gets overwhelming, especially in the moment of a crisis.

So many other factors like car issues, relationship issues,

injuries, and family concerns could contribute to Gerald's risk of suicide.

When life gets overwhelming, that's when Listening Ear comes into play. Our mission is to make life *better*. For anyone and everyone. And when Gerald is facing all of these circumstances that are beyond his control, Listening Ear can help. Our 24-hour helpline offers crisis response, mental health assistance, and our staff can help direct Gerald and others like him to key resources to help him find a solution. Free. Confidential. No judgment. When life gets tough, gives us a call.

OUR PURPOSE

We are in the vocation of supporting and improving human life around the clock.

OUR MISSION

Listening Ear offers hope and opportunity by listening to, supporting and advocating for people who need quality services and safe, affordable housing.

Education

The Chamber of Commerce invests in its members by supporting their professional development through educational seminars and training programs that improve community connections.

Our signature program, the Rollie Denison Leadership Institute (RDLI) is an educational program that prepares local talent for excellence through an intensive course in leadership practices, technology, and local community affairs. Since its inception in 1990, the RDLI has helped more than 300 community members enhance their leadership skills and put them to great use in their families, at work, and throughout Isabella County.

Mt. Pleasant is fortunate to have two institutions: Central Michigan University and Mid Michigan College.

Central Michigan University

Central Michigan University serves more than 15,000 students on its Mount Pleasant campus and through online programs. A CMU education encourages students to put theories learned into practice. Supported by outstanding faculty and staff, academic and student service programs focus on active, hands learning with real-world results, empowering students to achieve their educational and professional goals. No matter their subject, CMU Chippewas graduate with the knowledge and experience they need to excel in their careers. In fact, employers of CMU

graduates cite CMU most often as one of the best schools in the state for students who best fit their needs.

CMU sets the leadership standard by offering one of the nation's most comprehensive leadership development programs. Every CMU student has access to a wide range of leadership training, which begins before their first year with the unique multi-day programs. Surrounded

"No matter their subject, CMU Chippewas graduate with the knowledge and experience they need to excel in their careers"

by a community dedicated to lifting up every individual, CMU students gain the experience necessary to become leaders in life and in their communities. Learn more at www.cmich.edu

Mid Michigan College (Mid)

Mid Michigan College (Mid) has a significant history of serving residents throughout the mid-Michigan region since opening in 1968. Local K-12 school districts have been an important part of Mid's growth over the past several years. Over 1,200 high school students take dual enrollment courses each semester, taking advantage of the opportunity to get a jump start on college and transfer seamlessly to their next step after high school. Students often stay local when they graduate, which supports workforce and economic development in the region. Over the years, Mid has partnered with local businesses and groups like the Middle Michigan

Development Corporation, Small Business Development Center, Chambers of Commerce, and the Central Michigan Manufacturers Association to help the next generation of workers and business owners build essential skills. These, and countless other resources, come together at Mid's state-of-the-art campuses in Harrison and Mt. Pleasant, as well as in satellite locations throughout mid-Michigan and the Thumb region, to support local growth for students and businesses.

Mid Michigan College is a proud partner of the Michigan Reconnect program, a scholarship program for eligible adults over 25 years old who want to pursue an associate degree or skills certificate at a Michigan community college. Learn more at midmich.edu/reconnect.
