

Electronic Certificates of Origin Now Available!

Does your company export goods? If so, the country to which you are exporting may currently, or soon, require documentation that the goods originated in the United States. You may even be paying penalties at the border that you may not need to pay if you had provided a Certificate of Origin upfront.

A Certificate of Origin is an international grade document attesting that goods in an export shipment are wholly obtained, produced, manufactured, or processed in a particular country.

What's in it for you:

- All certification staff is accredited by the International Chamber of Commerce (ICC) World Chambers Federation
- AWTCC seal is recognized and accepted by customs worldwide
- Ensures you have taken all steps to comply with rules, regulations, and international industry best practices
- Helps you achieve objectives in terms of quality, cost, scheduling, performance
- All applications are stored online with audit trail, fully searchable database and attachments
- Ensures your transactions are secure with security background on completed certificates and secure web-based application
- Reduces shipment delays due to incomplete documentation
- Online certification saves on couriers, travel, postage, & parking fees
- Engineered to prevent common errors with repetitive applications—perfect for high volume users
- Additional services such as legalization available
