Heat stress?? Cold Stress??  
You've got to love Ohio, right?

11:00 a.m. - 12:00 p.m.  
9.29.2020

Workers in Ohio face a variety of temperatures throughout the year. They can range from extremely frigid to sweltering heat. As the seasons change, employers need a plan to deal with this range of temperatures and the hazards they pose. This webinar reviews the types, signs and symptoms, and prevention of temperature-related illnesses. We review both heat and cold stress.
