Frisbie Memorial Hospital is pleased to announce the addition of its new outpatient adult **Partial Hospitalization Program (PHP)**, which offers a broad scope of services that will help increase access to, and better meet the demand for, the acute behavioral health needs in the communities it serves. The Partial Hospitalization Program provides short-term treatment over the course of 12-14 weeks for adults age 18 years and older who are struggling with maintaining daily routines due to symptoms of anxiety, depression, or other mental health issues. In addition to its PHP, Frisbie will be opening a new unit in the emergency department dedicated to treat adults with acute, episodic mental health issues who come in for emergency care. The unit features six private rooms each designed to let in natural light allowing for a more therapeutic space for patients in distress. The new behavioral health pod is scheduled to open this spring. For more information, call 603-602-5872 or visit www.frisbiehospital.com.

Frisbie Memorial Hospital, Parkland Medical Center, and Portsmouth Regional Hospital each were awarded an 'A' from **The Leapfrog Group's** spring **2022 Leapfrog Hospital Safety Grade**, the top score in a national distinction recognizing the hospital system's achievements protecting patients from harm and providing safe healthcare. Of the more than 2,600 hospitals graded nationwide, only 33 percent earned an "A" grade for meeting some of the industry's highest standards. The Leapfrog Hospital Safety Grade is the only hospital ratings program based exclusively on hospital prevention of medical errors and harms to patients. The grading system is peer-reviewed, fully transparent and free to the public. Grades are updated twice annually, in the fall and spring.

Frisbie Memorial Hospital is pleased to announce that it is currently seeking volunteers to fulfill a variety of positions within the hospital.
