OUR HISTORY

NEAAPA's roots can be traced back to 1913 when a handful of self-made amusement business owners gathered to discuss key issues that threatened their business's survival on a regional level.

Obtrusive legislation, taxation and government regulation united the group. Despite being rich in history and tradition, NEAAPA is always adapting to today's ever-changing business climate.

LEADING THE WAY

NEAAPA has come a long way since it's infancy. The early pioneers provided the direction, spirit and innovative ideas that kept the industry moving forward long before companies like Disney became synonymous with quality, service and wholesome entertainment. Today, we continue to serve our members with timely information, educational programs, and the business contacts and friendships that foster success.

WHY SHOULD I JOIN NEAAPA?

- NEAAPA members can connect personally to provide networking and problem solving based on their experience and knowledge of our unique New England market.
- Being regionally based, all our members share a common geography, demographic, and psychographic.
- NEAAPA is composed of dozens of attractions throughout the region, as well as a worldwide network of suppliers and manufacturers who provide the goods and services needed to run these attractions.
