Your copy should address 3 key questions:
Who am I writing for? (Audience) Why should they care? (Benefit) What do I want them to do here? (Call-to-Action)

Create a great offer by adding words like "free" "personalized" "complimentary" or "customized". A sense of urgency often helps readers take an action, so think about inserting phrases like "for a limited time only" or "only 7 remaining"!

As a Registered Apprenticeship Program provider through the U.S. Department of Labor, SCTC brings multiple businesses within an industry together to increase demand for apprentices and share in training and administrative costs. This concept is designed especially for small and medium employers, which may not have capacity to operate their own program.

- Ready-to-use, customizable programs
- Mentor training & support

YOUR PROVIDER FOR RELATED TECHNICAL INSTRUCTION (RTI)

Southern Crescent Technical College provides the best experience for businesses and apprentices needing related training for their apprenticeships. A designated program manager meets with the business on specific training needs and their individual business practices. This discussion is key in arranging the best related training experience.

The program manager will navigate the apprenticeship core competencies and identify unique business needs to:

- Identify established classes and programs
- Determine if curriculum development is required
- Recommend scheduling options and solutions
- Establish location requirements
- Gather details on instructors, classrooms and lab space
