

Frankfort Chamber Member Spotlight

Law Office of Cheryl A. Morrison 19065 Hickory Creek Drive, Suite 150, Mokena

How long has your business been open?

14 years

The primary service of the organization:

Residential real estate closings

What makes your business special?

My focus is solely on residential real estate. I prioritize good communication and quick responses so that the process is as stress-free as possible for our clients. I keep my client's realtor in the loop so they're never caught off guard with questions about what's going on. I take a proactive approach so closings are more likely to happen on time and there are no unnecessary surprises at the closing table.

Best thing you do/serve at your business:

Help to build our community through encouraging homeownership!

Something people don't realize about your business/services?

Real estate is in my blood - my dad owned a mortgage company and I grew up working for his business. I have other family members who are realtors, appraisers, and insurance agents. Real estate has always been a frequent topic of discussion in my life! My first job as an attorney was as a commercial litigation associate, handling claims for title insurance companies and banks. Having been around so many different sides of the real estate industry for such a long time enables me to better problem solve just about anything that arises.

My favorite thing about being a Frankfort Chamber member is:

Being able to contribute to our community along with many other great business people.
