

Business Nixle Information System

This free service allows the Frankfort Police Department to disseminate business specific safety and crime trend information.

Joining is Easy

E-mail admin@frankfortil.org with the following information:

- Your name and business name
- E-mail address you can access to receive information
- Mobile phone number

An unlimited number of representatives from your business can register, but we highly recommend at least one manager register per business. The information shared will be business specific, however this group will also receive alerts pertinent to general public safety.

Questions? Call the Frankfort Police Department at (815)469-9435 or email admin@frankfortil.org
