WASHINGTON COUNTY CHAMBER OF COMMERCE

BRENNHAM, TEXAS

## Jon Peters to be Featured Speaker at Chamber/EDF Annual Banquet

The Washington County Chamber of Commerce & Economic Development Foundation of Brenham have announced the date of their upcoming Annual Banquet and the featured speaker. Brenham native Jon Peters will be the keynote speaker at the banquet to be held on Tuesday, Jan. 28, at Fireman's Training Center in Brenham.

"We are very happy to have Jon as our banquet speaker. Jon is a true inspiration with a message of hope, value and purpose," said Amanda Stolz, outgoing Chair of the Chamber's Board of Directors.

From the time Jon Peters was six years old he wanted to play baseball. That's pretty much all he did. And he got really good at it. His dream was to be the best pitcher in the world. In 1989, he became the United States' record holder for the most consecutive wins (53) by a high school pitcher, a record that still stands today. His high school career ended with a record of 54 wins and one loss, along with three consecutive Class 4A State Baseball Championships.

Jon is the first high school baseball player to grace the cover of Sports Illustrated. He has also appeared on local and national media outlets such as CNN, Good Morning America, The Today Show, ESPN, People, The Wall Street Journal, Houston Chronicle, Dallas Morning News, World, and Baseball America.

Following high school, Jon attended Texas A&M University on a baseball scholarship. After enduring four arm surgeries and months of rehabilitation, he gave up his dream of pitching and became an undergraduate assistant coach at A&M. He assisted in directing the 1993 A&M team to the Southwest

Conference Title and a berth in the College World Series. He has also coached at Blinn College and McMurry University. Jon has a B.S. (Texas A&M) and M.A. (Sam Houston) in kinesiology.

Jon is a father, friend, speaker, author, and coach. In March 2018, he released his first book, When Life Grabs You by the Baseballs: Finding Happiness in Life's Changeups, that obtained #1 New Release in Baseball Biographies. His passion to serve and help others is displayed through his energetic, positive, and contagious personality. He resides in the Houston area, and when not traveling and speaking, he is often found hanging out with his family.

Chairman Circle sponsors of the banquet include Baylor Scott & White Health, Blinn College District, Blue Bell Creameries, Brenham Abstract & Title Company, Brenham National Bank, Citizens State Bank, City of Brenham, Germania Insurance, and Van Dyke Rankin Insurance.

"We are very grateful to these sponsors," said Wende Ragonis, Chamber president, "They will enable us to host a great event for the community, plus they join in applauding the efforts of the volunteer leaders and citizens who will be recognized."

At the banquet, the Washington County Chamber will recognize five directors who have ended a three-year term of service on the board: Lloyd Powell of City of Brenham Police Department, Gena Wilimitis of Miracle Farm, Darren Huckert of Garza EMC, Dr. Edna Kennedy, Superintendent of Burton Independent School District and Jim Kruse of Bank of Brenham.. # Social Media for Small Business Workshop to be held January 21

In today's environment, social media marketing is an important aspect of marketing a business. Customers want to connect with your business on social media. With many channels and options available, use of social media can be downright confusing and overwhelming though.

In this workshop, Anh Nguyen, Founder + Owner of Amplified Marketing, will help you:

- Develop SMART goals for your social media marketing
- Determine which social media channels are best for your business
- Begin to develop a content roadmap
- Explore which tools are available to help you create content and manage your social media

NGUYEN

- Learn what data + analytics can tell you

Nguyen will also share best practices and success stories from small businesses.

She is an experienced marketing professional specializing in digital marketing. She finds the ever-changing digital marketing landscape energizing and exciting. She believes that social media has immense value to connect, inform, and educate us.

Nguyen speaks to business groups and non-profits on the power of social media and how to utilize it in their marketing efforts. She

# Would you like to be a P.E.A.C.E. Partner?

A Partner for P.E.A.C.E. (Public Education Ambassador for Community Engagement) is encouraged to share the monthly value and promote that value within the company so that possible employees and customers will see that you also support public education. It is in hopes that the adults who see these values at their workplace will share with the children in their lives who are also seeing this at school. These Core Essential Values are taught at both Brenham and Burton ISDs.

The investment is only \$50 and you and your employees can make a big impact on the future of our local workforce.

Thank you to these dedicated Partners for P.E.A.C.E. who continue to make this program a success in Washington County. They help reinforce the Core Essential Values students are learning in local public schools at their businesses and through their employee interactions:

## Promote Your Business as a Breakfast Sponsor

“Wake Up, Washington County!” These networking events are held quarterly at various locations. You will meet other members and learn about their businesses as well as have the opportunity to inform others about your products and services. You will also hear updates from the Chamber about what is going on in the community.

For Chamber members, there is no admission to attend. Two sponsors are sought for each event and

it provides a huge amount of exposure and publicity. There is a site sponsorship and a food sponsorship, both \$200.

This event is a great way to promote your business. Your business name will be included on the invitations that all Chamber members receive, and you will be given recognition and additional time to talk about your business at the breakfast event.

# Leadership Learns Emergency Management in Washington County

The January session of Leadership Washington County began at the Brenham Fire Department. The class heard from Kristi Stamnes (LWC Class of 2018), Washington County 9-1-1 Director and Brian Scheffer, assistant fire chief. Attendees were then able to see first-hand how emergency situations are communicated and executed from the command center downtown through a mock disaster drill at the department's Emergency Operations Center (EOC).

They were then given a tour of the department and got to try out some of the equipment, including a trip up in the bucket of the ladder truck. The Brenham Fire Department has been operating since 1867.

The group then traveled to the EMS station located at 1875 Hwy 290 West in Brenham. EMS Director Kevin Deramus then welcomed the class and explained what EMS does, its history and how they transport and care for patients. Then other paramedics demonstrated the Lund Hospital Cardiac Arrest System (LUCAS) on a mannequin. The class was given a tour of the station.

Leadership Washington County is one of the key programs of the Washington County Chamber designed to train and motivate leaders for this community. The next class will form in July. For more details or to view the application form, visit the "Leadership" page on [www.BrenhamTexas.com](http://www.BrenhamTexas.com).

## WHY GO TO Connect After 5?

The Chamber's "Connect After 5" networking events have always been outstanding events each month. Chances are if you want to see someone from the local business community, you will find them at "Connect After 5."

Many know the social benefits of attending. Many more are discovering the business benefits of attending. If you are not yet taking advantage of these networking opportunities, you should. Here are some tips for making the most of the opportunity:

- Wear a name tag. If you don't have one from your place of business, the Chamber will have some blanks at the event for you to fill in and wear. Name tags help people to remember your name and the business you represent.
- Bring your business cards. Give one to everyone you meet. This gives people your direct contact information, so

they can do business with you after the event.

- Talk to people. Don't be shy. Initiate conversations with people you don't recognize. Let that be your conversation starter, "Hello, I don't believe we've met." Most people who attend are Chamber members, so you already have something in common. And most will be very willing to tell you about their business, so start by asking them what they do.

- Get to know the host. Meet the business owner(s). Be sure to find the host and say hello. Take the tour of the property, if offered. Thank them for hosting the event.

- Have fun. There is always great food and drinks. Everyone has a good time at the Chamber's after hours events. Make it a point to attend. It may be your most important business meeting of the month.

# Census Bureau Ramps Up Hiring Efforts for 2020 Census

## Recruiting Underway Nationwide for More Applicants

The U.S. Census Bureau is ramping up its national recruiting efforts to hire up to 500,000 temporary, part-time census takers for the 2020 Census in communities across the country to reach its goal of more than 2 million applicants.

The positions offer competitive pay, flexible hours, paid training, and weekly paychecks. To determine the pay rate in a specific area, learn more about these positions, or apply for one of the temporary jobs, visit [2020census.gov/jobs](https://2020census.gov/jobs).

“Whether you’re looking to earn some extra cash, pay down your student debt, or offset holiday season spending, our part-time positions are a great way to do that,” said Census Bureau Director Steven Dillingham. “What better way to earn some extra money and help shape the future of your community for the next 10 years than with the 2020 Census?”

Anyone age 18 and older, such as recent high school graduates, college students, veterans, retirees, military spouses, seasonal workers and people who are bilingual are highly encouraged to apply. People who already have jobs and want to earn extra income evenings and weekends are also encouraged to apply. The selection process begins this month, with paid training occurring in March and April. After paid training, most positions work between May and early July.

In addition, the Census Bureau released a new interactive map to help partners and job seekers identify areas where hiring is taking place. The Census Bureau needs more applicants in all 50 states, especially in Hawaii, Indiana, Iowa, Kentucky, Maine, Massachusetts, Michigan, Minnesota, New Hampshire, North Carolina, Ohio, Pennsylvania, Rhode Island, South Carolina, Vermont, Washington, West Virginia and Wisconsin. The Census Bureau makes

**CENSUS 101: WHAT YOU NEED TO KNOW**

The 2020 Census is closer than you think! Here's a quick refresher of what it is and why it's essential that everyone is counted.

- Everyone counts.** The census counts every person living in the U.S. once, only once, and in the right place.
- It's about fair representation.** Every 10 years, the results of the census are used to reapportion the House of Representatives, determining how many seats each state gets.
- It's in the constitution.** The U.S. Constitution mandates that everyone in the country be counted every 10 years. The first census was in 1790.
- It's about \$675 billion.** The distribution of more than \$675 billion in federal funds, grants and support to states, counties and communities are based on census data. That money is spent on schools, hospitals, roads, public works and other vital programs.
- It's about redistricting.** After each decade's census, state officials redraw the boundaries of the congressional and state legislative districts in their states to account for population shifts.
- Taking part is your civic duty.** Completing the census is mandatory; it's a way to participate in our democracy and say "I COUNT!"

**Census data are being used all around you.**

- Businesses use census data to decide where to build factories, offices and stores, which create jobs.
- Local governments use the census for public safety and emergency preparedness.
- Real estate developers use the census to build new homes and revitalize old neighborhoods.
- Residents use the census to support community initiatives involving legislation, quality-of-life and consumer advocacy.
- It's against the law for the Census Bureau to publicly release your responses in any way that could identify you or your household.
- By law, your responses cannot be used against you and can only be used to produce statistics.
- 2020 will be easier than ever.** In 2020, you will be able to respond to the census online.
- You can help.** You are the expert—we need your ideas on the best way to make sure everyone in your community gets counted.

every effort to hire locally so census takers are familiar with the neighborhoods they are assigned to work.

“Aside from Puerto Rico, that has already received enough applicants to fill all jobs in the Commonwealth, every other area throughout the nation needs more applicants right now,” said Timothy Olson, Census Bureau associate director for Field Operations. “With low unemployment, the Census Bureau is taking extraordinary efforts to attract enough applicants to fill nearly 500,000 positions this spring.”

Census takers are critical for their communities during the 2020 Census — going door to door to collect responses from households who have not responded online, by phone or by mail.

“Our aim is to reach interested applicants right now, inform them of updated pay rates in their area, and get them into the applicant pool to be considered for these critical jobs,” said Olson. “The hiring process occurs in stages, and we are encouraging everyone to apply right now before selections begin in January and February. Most census taker jobs

begin training and work this spring.”

The U.S. Constitution mandates that a census of the population be conducted every 10 years. Census statistics are used to determine the number of seats each state holds in the U.S. House of Representatives and inform how state, local and federal lawmakers will allocate billions of dollars in federal funds to local communities every year for the next 10 years.
