

CULTURAL COMPETENCY WORKSHOP

Join Manufacture Alabama’s Diversify Council in supporting a Cultural Competency Workshop on June 15, 2023. We believe that this workshop is of utmost importance to our community as we work towards creating a more welcoming and inclusive work environment. We are expecting a diverse audience from all backgrounds, all seeking to enhance their understanding and abilities to work effectively with individuals from varied backgrounds.

We are seeking sponsors to help make this event a success. Your contribution will not only help us bring expert trainers to lead this workshop, but it will also help us equip attendees with valuable insights and techniques to work more effectively in a diverse atmosphere. This will be a great opportunity to gain exposure in the community by being recognized as a presenting or supporting sponsor.

Sponsorships are limited, with only one presenting and three supporting spots available, so we encourage you to act fast and take advantage of this unique opportunity. Details of each sponsorship is below.
