

ADAND Members and Associates,

Thank you to all of you who attended and supported our 2021 ADAND Conference this week! We hope your experience was enjoyable and beneficial, and we want you to know that your participation was greatly appreciated.

As always, the Automobile Dealers Association of North Dakota is committed to understanding and effectively addressing the changing needs of the dealers it serves. With this priority in mind, and after evaluating dealer participation at the annual conference this year and historically, the ADAND Board of Directors has decided that the conference will be discontinued in order to focus on new and more relevant ways of connecting its dealer and associate members to the association and to each other.

As it has since 1933, the Automobile Dealers Association of North Dakota remains constantly available to its members as a powerful resource in all areas of dealer operations, and a vigilant and effective advocate for dealer interests in both state and federal legislative arenas.

The ADAND Board of Directors extends its gratitude for the strong support of our dealer and associate members, and encourages your questions, comments, and suggestions at any time. Please contact the association office at 701-293-6822 or matthew@adand.com. We are here to serve you.

Kind regards,

Matt Bredemeier

Chairman of the Board
Automobile Dealers Association of North Dakota
1411 32nd St S, Fargo, ND 58103
Office: 701-293-6822
