

OTTAWA
BOARD
OF TRADE

Voice of Business

An Important OPPORTUNITY

A Board of Trade is the key business association and official government liaison serving our business community. We are non-profit and non-partisan; independently funded and driven by the business community. We serve every size and sector of business including multi-national corporations, small and medium enterprises and home based entrepreneurs. We exist only to advocate for the growth of the businesses we serve.

The time is now! Ottawa businesses are facing a time of unprecedented change, opportunity and challenge. It is more critical than ever to ensure we have a strong Board of Trade representing the interest of our businesses and advancing the economic growth of our community. One voice can influence decision making, priority setting and legislation far more effectively than any one of us alone.

We invite all Ottawa businesses to join us today! Get involved and spread the word. We are on the cusp of the fourth industrial revolution; a time of change and many unknowns on a global scale. We need a strong advocate for business so Ottawa can realize its full potential and capitalize on our strengths.

Please visit our [website](#) or contact membership@ottawabot.ca to get involved today.
