

IN SUPPORT OF **KENTUCKY'S
CHAMBER GROUPS & THEIR
MEMBERS, WE ARE PROVIDING OUR
MILITARY-GRADE **VPN SERVICE**
FREE FOR 30 DAYS.**

[#teamkentucky](#) [#togetherKY](#)

The Coronavirus has disrupted how we all live and work, but your safety is still our top priority.

The current situation has required employers to implement contingency plans to enable their employees to work remotely. A VPN (Virtual Private Network) is a must-have for any work-from-home scenario, allowing a highly secure and encrypted connection to safely perform sensitive work-related tasks.

SignumVeri's VPN Service has many unique features and benefits that can fulfill the cyber security needs of chamber groups and their members. We are providing this service **FREE** for 30 days to help secure the Commonwealth during these difficult times.

If you are interested in using our VPN service, feel free to reach out to us or click the link below for more details.
