# Giving hope to kids with every swing at Topgolf

The UnitedHealthcare Children's Foundation (UHCCF) gives medical grants to help children get health-related services that are not covered, or not fully covered, by their family's health plan. We are a 501(c)(3) charitable organization.

Since 2007, UHCCF has awarded more than **25,450 grants valued at \$54.9M** to children and families across the United States. With your help, we continue to grow, giving hope to more and more children and families each year!
