York – Mount Agamenticus

Mount Agamenticus is set amidst a 13,000 acre expanse of intact forest in southern Maine and is one of the largest remaining unfragmented forests in coastal New England. The region is noted for its rich natural resources and outdoor recreational opportunities. The land encompasses vernal pools, drinking water reservoirs, abundant biodiversity, and a network of 40 miles of well maintained trails.

Photo by Mount Agamenticus Conservation Office

Year round activities include picnicking/sightseeing, birding, hiking, and mountain biking. A self guided StoryWalk™ can be picked up at the base and the pages can be followed along the Ring and Witch-hazel trails to the summit. Picnic tables, seasonal portable toilets, and decks offering spectacular views of distant mountains, inland ponds and the ocean are located at the summit. The Mount Agamenticus Learning Lodge, a converted summit ski lodge, is open to the general public on weekends from 11am-3pm from Memorial Day Weekend through Columbus Day Weekend. Inside you will find a variety of educational activities and displays for all ages.

Eliot ~ Eliot Boat Basin

Located on the Piscataqua River, the Boat Basin features a public boat launch, sometimes referred to as “Dead Duck Landing” by locals, as well as a pavilion (available for rental) and park area. Fees are charged for the boat launch. Access the boat basin via Route 103 in Eliot; the address is 90 Hammond Lane. Call (207) 451-9334. Visit eliotcsd.org for more information.

Kittery – Fort Foster

Fort Foster was originally built in the early 1900's and was an active fortress manned during World War II. It is now owned and operated by the town of Kittery as a public recreation, picnic and beach facility. Fort Foster offers views of Whaleback Light, Portsmouth Harbor Light and Fort Constitution;

explore the extensive trail system and old military fortifications. Leashed dogs are allowed, just make sure to obey the signs. Fort Foster is located on Pocahontas Road on Gerrish Island in Kittery Point. Open weekends May - September, seven days a week between Memorial Day and Labor Day. A gate fee is charged. Call the Fort Foster Gate House (open seasonally) at (207) 439-2182.

Kittery – Fort McClary

Explore Fort McClary State Park located on Route 103 in Kittery, Maine. Fort McClary was named for New Hampshire native Major Andrew McClary who died at the Revolutionary War's Battle of Bunker Hill. Fort McClary stands today as one of the state's most important historic forts that dramatically preserves evidence of military history and changes in military architecture and technology.

The buildings presently on the site represent several different periods of construction as the fort was upgraded and modified to meet the area's defensive needs. The site was manned during five wars: The Revolutionary War, War of 1812, Civil War, Spanish-American War, and World War I. Like most other Maine forts, it saw little

conflict. The fort provides great photo opportunities of Portsmouth Harbor Light and the old Portsmouth Naval Prison. A gate fee is charged. Park Season: (207) 439-2845. Off Season: (207) 490-4079.

Cape Neddick Light / Nubble Light 1879

Officially the Cape Neddick Light Station, it was built in 1879 for \$15,000 on a nub of land---thus the Nubble. It was first lighted on July 1, 1879. The current beacon is a 1000 watt bulb behind red plaxiglass. It flashes 3 seconds on and three seconds off. It is visible for 13 miles. The automated foghorn is activated by the atmosphere and blasts every 10 seconds.

The tower is 41 feet high and 88 feet above sea level. It is built of brick that has been covered by metal sheathing. Thirty-three circular iron steps go up to the lantern room. The first innkeeper was Nathaniel Otterson, and the last was Russell Ahlgren. The light was automated in 1987.

Living quarters consisted of 3 bedrooms, kitchen, dining, living, and pantry. The smaller red house was once used for fuel and the little white house was a workshop. The light is maintained by the Coast Guard, but the Town of York owns the property and buildings. It is maintained by the York Parks and Recreation Committee. FMI: (207) 363-1040. There is no public access allowed on the island.

Photo by Dennis Kee

The Sohier Park, which is located on the mainland, has ample parking for visitors as well as benches and rest room facilities. Animals must be leashed. Sohier Park is located off Nubble Road in York Beach. A gift shop full of lighthouse memorabilia is manned by volunteers from May through October. Proceeds from the sale of goods there go toward the maintenance of the park and lighthouse. FMI: gift shop (207) 363-3569.

This lighthouse is one of the most photographed and painted in the world. Thousands of people visit annually, and twice a year the lighthouse is outlined in Christmas lights and lit at night. The summer lighting is held during Christmas in July which is part of the York Days celebration held during the last week of July and the first week of August. The winter lighting of the Nubble is the Saturday after Thanksgiving. The lights stay on until January 1st, weather permitting.

For updated information about Nubble Lighthouse, please visit nubblelight.org.

Boon Island Light 1811/1855

133' gray granite conical tower, located offshore nine miles east of York Beach.

After a particularly grizzly episode of cannibalism on this desolate rock pile, locals left food and clothing here for use of any shipwreck victim; hence the somewhat ironic name, "Boon." This tiny island, about nine miles off the coast of York, has been continually submerged by storms and the light has been rebuilt several times. Today its brick cylinder rises 137 feet, making it Maine's

tallest lighthouse. It is not open to the public but can be seen from Sohier Park, off Nubble Road, in York Beach and as part of local lighthouse cruises. Boon Island Lighthouse was built in 1811.

Photo by York Parks & Recreation Department

Whaleback Light 1831/1872

75' gray granite conical tower on a reef.

This light guards the entrance to Portsmouth Harbor, and looks as its name suggests: like a lighthouse perched atop the back of a whale, or some other sea creature. It is closed to the public but can be seen from Fort Foster in Kittery and from the water. Whaleback Light was built in 1831.

THE COMMUNITIES OF THE YORK REGION

Our towns are some of the oldest in Maine, settled in the early 1600s. A significant number of historic buildings remain, creating warm neighborhoods and lovely scenic drives. We are a four-season destination, and a wonderful place to work and play! Portions of the Eastern Trail, the interstate bicycle trail, wind through Kittery, Eliot and South Berwick. Mt. Agamenticus is a shared resource area that boasts fantastic views of the region on a clear day, as well as hosting trail bikes, hikers and birdwatchers. Our long, sandy beaches, great shopping and unique cultural assets make our region a “must see”!

ELIOT . . . eliotmaine.org

Eliot Boat Basin

earlier years, Eliot was also known for its brick-making industry. The town meanders along the shores of the Piscataqua River opposite the cities of Portsmouth and Dover, NH. Take River Road for scenic views of the Piscataqua River and across to Great Bay. Also on the southern end of US Route 103 Main St., there is an active public boat launch along with a family picnic area and pavilion.

Once a part of Kittery known as the Upper Parish, the town separated from Kittery in 1810. The 747-ton Elizabeth Hamilton, and the clipper ship, The Nightingale, were launched from Eliot’s shores, as were numerous smaller craft. Eliot was the site of the first Quaker Meeting House in 1776, and it is also the international home of the Baha’i faith. Primarily a farming community in its

Kittery has the distinction of being the oldest town in the State of Maine, incorporated in 1647 – more than a century and a quarter before the birth of the United States. It guards the mouth of the Piscataqua River and is the halfway mark on Interstate 95 between Boston MA and Portland ME. As you take a scenic drive along US Route 103 to Kittery Point, you will pass the gates of the 200 year old Portsmouth Naval Shipyard;

the historic Lady Pepperrell House; Fort McClary, built in 1690, now a state park; and Fort Foster located at the end of Pocahontas Road, which was once a fortress manned during World War II, is now a public recreation and beach facility. Along with the beautiful homes and gardens, there are remnants of the

fishing, shipbuilding, and other marine-related industries that were once the center of Kittery's economy.

Today downtown Kittery, sometimes known as Kittery Foreside, has become a gathering place for artists, specialty shops, and fine dining. The Kittery Outlets, located along the Route One corridor, provide a variety of shopping experiences.

Home of the oldest power mill in America, this community has had a diverse economy that included textile and shoe manufacturing, farming, timber and fishing. During its heyday, a boat called a gundalow was built to haul goods from the smaller inland rivers to the faster-moving Piscataqua River. Historic

homes including the Sarah Orne Jewett House and the Old Hamilton House are open to visitors in the summer as is the Counting House, home of the Old Berwick Historical Society. Vaughan Woods State Park and the Salmon Falls River are popular recreation areas for hiking, biking and picnicking. The quaint downtown has a variety of year round fine dining and delightful shops. Outdoor concerts on the town hall lawn are a common summer

occurrence. South Berwick and Eliot share a public school district. US Route 236 is the main artery connecting Kittery, Eliot and South Berwick.

Powderhouse Hill is a community ski area owned by the Town of South Berwick, Maine and operated by the all-volunteer Powderhouse Ski Club. It consist of one rope tow, and three trails: 2 intermediate and 1 beginner. Powderhouse Hill has no snowmaking thus its operation relies completely on natural snow.

THE YORKS . . . yorkmaine.org

Composed of what were once four smaller communities, the towns of York Village, York Harbor, York Beach and Cape Neddick formed under one government to create this beautiful and diverse town. It is famous for its long sandy beaches, and safe, family-friendly beach-town atmosphere. As each year passes, the area becomes more of a destination for weddings, family

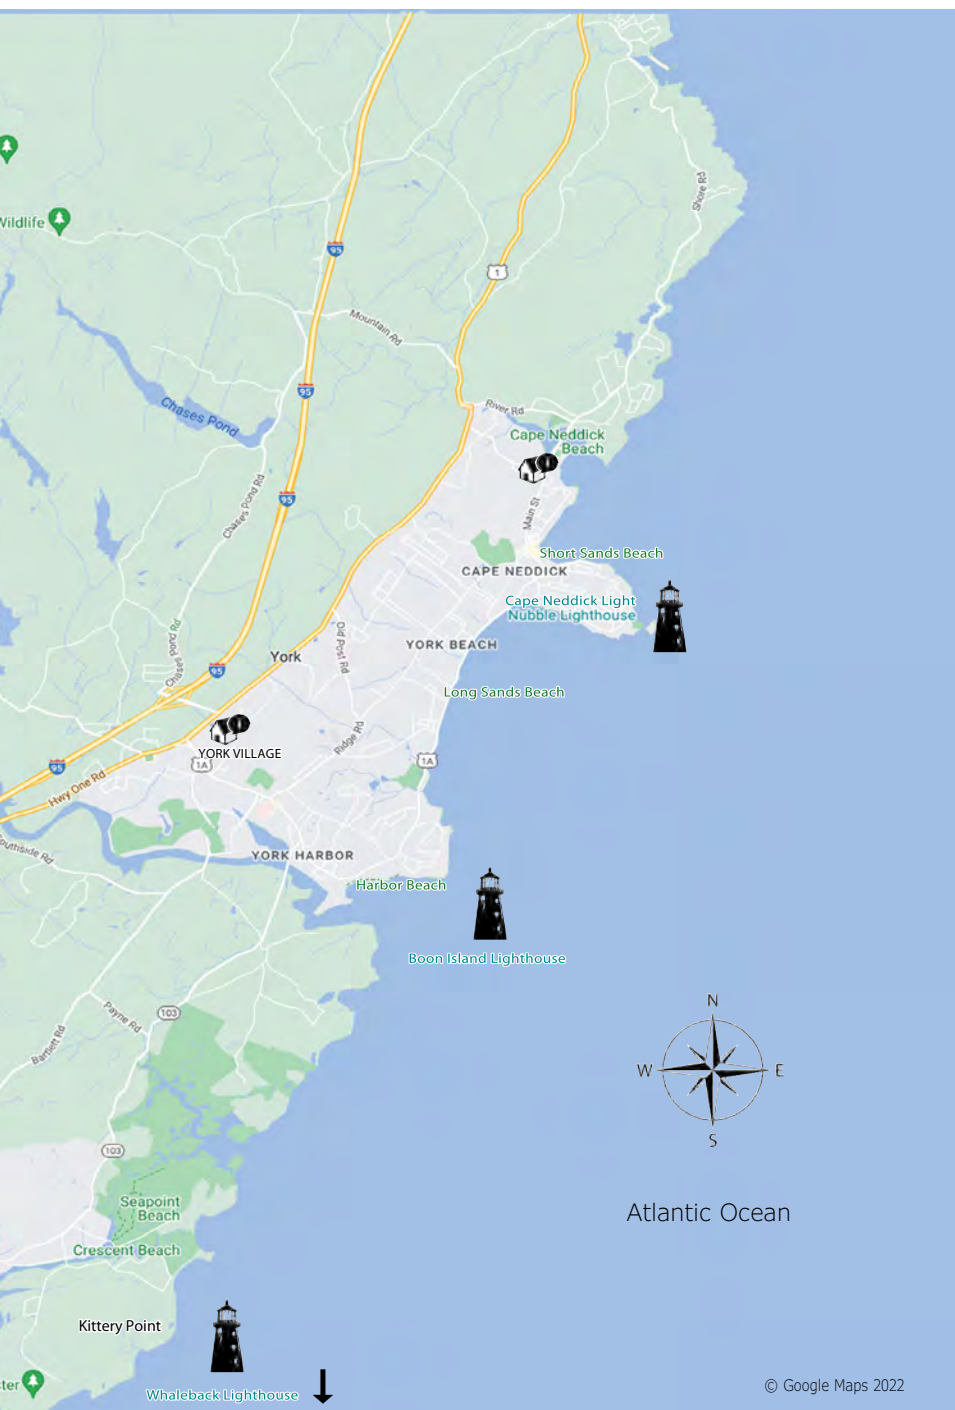

reunions, or just a place to get away. Nubble Lighthouse is one of the most photographed lighthouses in the world and is a popular spot for residents and visitors alike. It has a small park with benches that make it a peaceful place to rest and reflect. Mt. Agamenticus is a popular recreation area for hiking, biking and picnicking. The Museums of Old York maintain numerous historic buildings including Jeffers' Tavern, the John Hancock Wharf, the Old Goal (America's oldest jail), the Emerson Wilcox house. This museum is located in the heart of York Village and offers lectures and special events throughout the year. It is open for tours in the summertime. Lobstering, fishing, boat building and farming were the foundations of the economy until the late 1800s when the southern Maine coast began to attract summer visitors in large numbers. A family favorite is a visit to our zoo & amusement park. The proximity of the Yorks to the cultural centers of Boston and New York City continue to make it one of the most sought-after places to live in southern Maine. Once a summer-season-only resort area, York has become a year-round vacation destination.

Trips To Discover has featured York, ME as One of the Most Magical Winter Wonderland Towns in the U.S.

York definitely gets into the Maine snow globe spirit. In the winter, outdoor enthusiasts can enjoy snowshoeing, Nordic skiing, and snowboarding with dazzling views across a snowy backdrop, but the highlight here may be the Nubble Light, which, surrounded by a white blanket, looks like a painting. When it's illuminated after dark, it's stunning too. If you bundle up, you can enjoy tranquil walks without the crowds on the beaches and free ice skating at Mackey Skate Park; you'll just need to bring a pair of skates.
