President/CEO of the Lockhart Chamber of Commerce

Barnstorming for YOU!

This summer, Lockhart has seen itself featured in various magazine print publications; the Lockhart charm is spreading across the state. We are looking to build on the recent Lockhart exposure. The Lockhart Chamber of Commerce is excited to print our own Community Guide, expected to be released in January 2019 and will be distributed across travel information centers and chambers of commerce. We are happy to announce our partnership with Lunar Cow Publishing, a firm specializing in destination marketing, for the Official Lockhart Chamber of Commerce Community Guide.

The content of the guide will include historical information, local attractions, unique eats and shopping, antiques, the arts, museum tours, cultural charm, economic development, school district information along with a directory listing of our members. In addition to the printed guide, a digital GoGuide and iMap will be an added element allowing for an expanded reach of advertisement. These digital elements will allow the visitor to create an itinerary online for their planned visit to Lockhart and a way to plan their visit to your business. With the purchase of an ad, your business will receive premiere exposure both in print and online. A representative from Lunar Cow will be reaching out to our membership for selections of ad space. The Community Guide is a Member Only Benefit and another way the chamber can connect your business with more clientele. Thank you for your membership and the opportunity to serve you.
