

### **Statement from Senator Judith Zaffirini**

Thank you, members of the Lockhart Chamber of Commerce, for so graciously inviting me to join your “Meet the Candidates” Town Hall. It would have been my pleasure to join you virtually, but my husband and I are working remotely, and I also am campaigning remotely.

My staff and I are working remotely too, but have been working tirelessly to assist Senate District 21 residents during the pandemic. Our phone lines are forwarded to us 24/7, and I’m pleased that we’ve been able to help so many of our neighbors by assisting with unemployment issues; ensuring our communities have the medical supplies they need; and advocating for reopening policies that prioritize safety and fairness, not favoring some businesses over others.

Thank you for allowing me to make a difference for your families by representing you in the Texas Senate. To learn more about our campaign, visit my website, [judithzaffirini.com](http://judithzaffirini.com), or email me via [campaign@judithzaffirini.com](mailto:campaign@judithzaffirini.com)

Thank you, may God bless you, and may God bless Texas.
