

Information Hub, Solution Center, Bottom-Line Generator

Did you know 49% of consumers are more likely to think favorably of a small business and 80% more likely to purchase goods or services from a Chamber of Commerce member? (Shapiro Group, TCCE). Many times, businesses join the chamber without fully understanding what services the Chamber of Commerce provides to its members.

The Chamber of Commerce is the local information hub, the solution center to business needs and a bottom-line generator. We are working on your behalf!

Learn how to better utilize your chamber membership by scheduling a private Chamber 101 Class. New services and new events are coming your way. We look forward to hearing how we can better serve your business!

LEADERSHIP LOCKHART

DEVELOPING FUTURE COMMUNITY LEADERS

Program Sponsored By:

Leadership Lockhart is a 10 month program designed to develop future community leaders through studying the history, education, local government, law enforcement, judicial system and economic development in our community.

Our goal is to train leaders to move into higher level leadership roles, provide opportunities to develop lasting relationships among community leaders, and encourage participants to actively participate in future activities which contribute to the growth and betterment of the Lockhart Community.

If you have ever had an interest in running for City Council or County Commissioner, serving on the School Board, or serving on a Board of Directors for a local organization, Leadership Lockhart is the program for you.

For more information, please contact the Lockhart Chamber of Commerce.
