

# OCCUPATIONAL LICENSING REFORM

## WHAT IS IT:

Creates a more reasonable professional regulatory process. It is the process that grants workers certification and licensure to conduct business in the state.

## THE IMPORTANCE:

There are an astonishing amount of occupations that need licensure in Illinois - as of right now, over 400. Additionally, workers in other states do not move to Illinois because any current occupational license they may hold likely isn't accepted here.

## CURRENT STATUS:

Currently filed in the IL House as HB 4012
