## 2020 CENSUS - Answer the Call

[Find Out More](#)

Just over 58% of Arizona Households have responded to the 2020 Census. We are below the national self-response rate of 61.8%.

Please participate when you receive a call from the Census Bureau to make sure your household is counted.

These calls are part of our Coverage Improvement Operation, which began on April 22nd and will run through October 31st. The goal of this operation is to make sure everyone in a household was counted, and to validate information provided when they completed the census questionnaire. If the household does not answer a call, agents will leave a voicemail with a 12-digit ID as a reference number.

Please remember that the U.S. Census Bureau will NEVER ask for: Social Security Numbers, Bank Information, Donations or Credit Card Information. If fraud is suspected, call **800-923-8282** to speak with a local Census Bureau representative.
