#### Abu Simbel Day

**\$450 USD**

Visit the great sun temples of Abu Simbel, built by Ramses II at the height of his New Kingdom reign. In one of the world's greatest cooperative preservation efforts, these temples were dismantled and moved in 1968 to save them from the flooding of the Aswan Dam. The Temple of Ramses II was constructed so that the sun's rays would illuminate four statues of Egyptian deities within the sanctuary on his birthday and on the anniversary of his coronation, October 20 and February 20. The temple is fronted by four colossal figures of Ramses II seated with the gods and attended by his Queen and daughters. The smaller temple is dedicated to Queen Nefertari, who appears as Hathor, the goddess of love, joy and fertility. Please note: this option must be booked at least 65 days prior to departure and passport number is required at time of booking; this option is non-refundable within 45 days of departure. *Duration: Approximately 6 hours.* Please note a minimum of 10 passengers is required. Transportation is included.
