Employee-owned Zachary's opens on Main Street

Zachary's Chicago Pizza, the 200 plus 'Best Pizza' award-winning Chicago-style pizza connoisseurs, have opened in Downtown Pleasanton. While specializing in Chicago-style stuffed pizza, Zachary's also offers traditional thin-crust pizza as well as a selection of fresh salads and appetizers in a fun, family-friendly environment.

Zachary's in Pleasanton, which opened July 29, 2021, boasts a

full bar with signature cocktails, 10 beers on draft, and two HD TVs. An intimate dining room, adorned with colorful customer masterpieces from the bi-annual Zachary's Art Contest, leads onto an ample patio fronting Main Street. On warm days slushies for adults and kids are available to cool patrons down as they people-watch and wait for their pizzas.

Originally opening in 1983,

Zachary's Chicago Pizza was the vision of Zach Zachowski and Barbara Gabel. After 20 successful years of making Chicago-style pizza with a California twist, Zach and Barbara decided to retire in 2003. Rather than selling their company to a buyer, they decided to give the company to their dedicated and experienced managers and crew. Not only did this decision reward long-term Zachary's employees, but it also helped preserve the founders' vision and maintain the Zachary's culture going forward. Now 100% employee-owned,

Excessive indulgence at Da Boccery

Now open is one of the Tri-Valley's new hot spots, Da Boccery, featuring bocce ball courts, a full bar, great food, axe throwing, shuffleboard, foot-pool and more.

Da Boccery is the ninth and newest property in the Fat Chance

Entertainment portfolio, run by Brenden Scanlan and Barrett Gomes. The cousins had a dream of owning a restaurant since their early college years. "Quite frankly, Brenden loved to cook, and I loved to eat. Some things never change," said Gomes. "We were both born

in 1979, and although we grew up on opposite sides of the country, we always stayed close. I grew up in Pleasanton, CA while Brenden was raised in Atlanta, GA." In their early 30's (still 2,500 miles apart), it was time to stop dreaming and turn their passion into reality. They did just that in 2012, opening Sauced BBQ & Spirits in downtown Livermore. A few years later, Gomes and Scanlan decided they needed a little more fried chicken in

Chamber advocacy making a difference in Pleasanton

There have been some recent pivotal issues facing our Pleasanton businesses that the chamber has been actively advocating. The first issue involved surveying the Tri-Valley Restaurant Group about the expiration of the 15% cap on commission charges for third-party food delivery services on Pleasanton restaurants. The cap was originally approved

Steve Van Dorn
 Pleasanton Chamber President/CEO

by the City Council on October 6, 2020, due to the COVID-19 pandemic and was planned to sunset on October 6, 2021. After receiving unanimous support from the Pleasanton restaurant community, the Chamber Board of Directors recommended to the City that the 15% cap be extended for another year. Upon hearing our recommendation and from seeing the results from

our restaurant survey, the City staff recommended the 15% be extended for another year. The City Council agreed and approved extending the cap for another year at their August 17 meeting.

Working with the Pleasanton Downtown Association and the Tri-Valley Restaurant Group, we jointly submitted a letter requesting the City extend the temporary "pop-up" program which was scheduled to end Labor Day weekend. This was a critical issue for the restaurant community due to the planned

ending of the "Weekends on Main" program and the everchanging pandemic requirements for indoor dining. Due to our coordinated efforts, the City Council took action to extend the "pop-up" program through the end of the year.

Once again, I am reminded that by working together, we can make great things happen in Pleasanton. As the voice of the Pleasanton business community, we look forward to continuing our advocacy to support our businesses and community.

Raty shares lasting accomplishments

The Pleasanton Chamber of Commerce, one of the most engaging and successful chambers in the Bay Area, is celebrating its 75th anniversary in 2021, and is commemorating the occasion with a variety of captivating stories, news articles, and reflections from community leaders. Scott Raty, former President/CEO of the Pleasanton Chamber, shares his three favorite successes of his time with the chamber.

“Before jumping right into my three most favorite of the Pleasanton Chamber’s lasting accomplishments in celebration of its 75th anniversary, here’s a little personal background for context.

Proudly I served as the chamber’s CEO for a total of 16 years. However, my familiarity with the chamber spans more than 34 years as I was first employed as CEO from 1984 to 1989, when the self-correcting IBM Selectric reigned supreme and fax machines were trending. I returned to the position

Scott Raty
Former President/CEO
Pleasanton Chamber

in 2008 as iPhones took the world by storm, until my retirement in August of 2018 when mention of the Cloud had nothing to do with weather, and Siri had an answer for everything except Alexa.

Now, here are my top three.

Leadership Pleasanton, created by the chamber in 1988, has produced more than 755 graduates in its 30-plus years. In September of each year, up to 30 local adults from all walks of life begin participating in nine, monthly, day-long

sessions on topics of Pleasanton history, government, education, recreation, business, public safety, health and infrastructure. Many graduates go on to volunteer for local community non-profits, service clubs, youth sports, city commissions, and in some cases pursue elected office.

As each new year of LP gets underway, and attendance requirements are reviewed, most participants express reservation and anxiety about having to take one whole day per month away from work, family, school or whatever. Without exception, by the third session, these same folks are wishing out loud for more than just one day per month!

Whether you are new to Pleasanton, or a life-long resident, going behind the scenes once a month to learn what makes this great community tick is time well spent, but be for warned that you may discover an unexpected passion for volunteer service.

Pleasanton 2015: A Community Vision – Pleasanton did not become one of the best cities in all of California in which to live, work and raise a family by accident; it happened by design with strong leadership and teamwork among all sectors of the community. The chamber, through its Community Vision Program launched in 2008, has been a catalyst for identifying and advocating fulfillment of community-developed objectives for a better Pleasanton in areas of housing, education, public safety, parks, recreation, infrastructure, health, and the local economy.

Of the 45 measurable objectives in the chamber’s initial document, the community accomplished most of them and two subsequent iterations of the Vision (2020 and

2025) along with the chamber’s ongoing public policy advocacy efforts have proved instrumental in helping Pleasanton remain among the best communities in California. Get a look at the current Vision on the chamber website.

Of all the chamber’s most memorable accomplishments, most significant to me these many years is its **enduring success with people**. Pre IBM Selectric and way beyond the cloud, generation after generation of engaged business leaders bring their time, talent, and resources to the table freely for the benefit of the entire community through their involvement with the chamber. Pleasanton is blessed with a richly diverse business community that contributes enormously to the economic success and quality of life we enjoy. If you are in business, and not yet a member, you should join.

Congratulations to past, current, and future chamber members, leaders and staff on this milestone anniversary.”

– Scott Raty

Taking Advantage of Proposition 19 To Transfer To A New Property Within California

In November 2020, the state of California approved Proposition 19, which made important changes to the property tax transfer rules for those aged 55 and over as well as parent-child property transfers of primary residences and parent-child transfers of other real property. Beginning in 2021, the new guidelines will replace the existing rules of Proposition 13.

Prop 19 allows a homeowner who is 55 years of age or older, severely disabled or whose home has been substantially damaged by wildfire or natural disaster to transfer the taxable value of their primary residence to:

- a) a replacement primary residence anywhere in the state
- b) regardless of the value of the replacement primary residence (but with adjustments if replacement has a greater value),
- c) within two years of the sale and
- d) up to three times (or as often as needed for those whose houses were destroyed by fire).

Curious to learn more about Prop 19 & how it will affect you personally? Give us a call at 925-400-7533, or visit BayAreaHomeFinder.com/Proposition19 to learn more.

Pleasanton Art League Brings Essential Element of a Rich and Vibrant community

PLEASANTON ART LEAGUE

The Pleasanton Art League (PAL) is the only non-profit group dedicated to the visual arts in Pleasanton. Other art forms, such as music, dance and theater tend to get more attention for their entertainment value, yet all art forms are important for individual and community development and well-being. "All of our local art groups will have an important role to play in reinvigorating our community, as it comes back to life when things reopen," said PAL President Beth Okurowski.

PAL has been around since 1969 and is woven into the fabric of Pleasanton through its partnerships with local businesses and City cultural sites. Community connection is an important focus for PAL, so you may have heard of them through one of these channels:

Monthly art demos, in collaboration with the Livermore Art Association and the Dublin Arts Collective, held at the Cultural Arts Building on Black Avenue in Pleasanton and at the Bothwell Center in Livermore.

Circuit program, in which PAL members work in teams to hang their artwork in local businesses around Pleasanton. They currently have seven teams that rotate their artwork every three months.

Workshops, led by professional artists and open to the public. Of course, much of this has been curtailed or transitioned to an online format for now.

PAL's newest event, Paint Pleasanton, started two years ago and has become very popular. It is an outdoor, multi-day event held in September. Artists from the region come to Pleasanton to paint both iconic and off-the-path scenes from around Pleasanton. On the second day, they host an art show and sale on the lawn of the Museum on Main. Works will be judged, and awards will be given to the artists. It is really a celebration of the City of Pleasanton through art, and it helps the

museum as well. This year's event will be held September 25-26, 2021.

The art league also invites you to visit its annual members show, held at the Harrington Gallery at the Firehouse Arts Center. This year, the art will be displayed from November 6-December 18, and is titled "Above it All." The Pleasanton Art League is a 501c3 non-profit organization and gratefully accepts donations through its website www.pal-art.com or by check sent to PAL, PO Box 23, Pleasanton, CA 94566.

Chaat Bhavan isn't just a restaurant — it's a way of life

Chaat Bhavan is one of the most popular Indian vegetarian family-run restaurants in the Bay Area. At the heart of the business is its devotion to authentic, fresh, and superbly prepared food, making Chaat Bhavan truly the only one of its kind.

In 2001, when Gary Singh came to the Bay Area, there were not too many choices for homemade-style vegetarian Indian food. Thus, Gary Singh and family decided to open the first Chaat Bhavan vegetarian restaurant in Fremont in 2009.

From Fremont, they got an excellent response, and their customers from nearby cities encouraged the Singh family to open new sites in their hometowns. In 2012, they opened a second location in Sunnyvale and third in 2014 in Dublin. Now, several family members, including brothers Gurjeet, Jaspreet, Sanmukh, Atinderpal and others are involved in all of the locations.

"Coming from a family of farmers, we have been tightly knit with

the agriculture and food industry ever since we were born," said Gurjeet Singh. "Our fathers knew how to analyze the crops even before they were ready to harvest. This knowledge was passed on to

the next generations which gave us a really good advantage to learn about the quality of the food and how to improve it naturally in the best way possible," he said.

Since 2009, their chefs, cooks and management have catered events of all sizes, from wedding parties at elite hotels and wineries to corporate gatherings throughout the Bay Area. Services include everything from catering trays and box meals to buffet service. Call Chaat Bhavan's catering at 408-773-1100 or email at chaatbhavancatering@gmail.com.

The food served at Chaat Bhavan includes Punjabi food such as: Maki Di Roti, Parathas, Bhaturs, Naans and Maharashtrian Food such as Vada Pav, Chaats, Pav Bhaji, Ragada Pattice, and Usal Pav.

come to Chaat Bhavan, they become part of the Chaat Bhavan family," said Gurjeet Singh. "This, together with the high standard of our restaurants, is what keeps guests coming back." Cr  atif: The Future of Art Studio

Providing the community with an art experience that is memorable and unique

Cr  atif, the revolutionary art studio concept, has proven its draw at its corporate location in Pleasanton, California. With thousands of customers who have enjoyed creating art at the location, Cr  atif has been successful in becoming a cherished art experience. The award-winning and inspiring atmosphere, super-friendly service and wide variety of options has made it an attractive art destination for kids and adults.

In July of 2021, Cr  atif announced that it would be expanding its footprint by soon opening its first-ever franchise location in York County, South Carolina. The idea to start Cr  atif sparked when Founder and CEO Jaya Aiyar was making a painting with her kids. She realized that while the entertainment and children's activity industry was in high demand, there were no art studio concepts suitable for kids and adults that also integrated art with technology.

"With the launch of the Cr  atif

franchising program, our goal is to expand our artistic enterprise across the country," said Aiyar. "We are looking for motivated entrepreneurs who can open studio locations in new territories."

Cr  atif's uniqueness comes from the fact that they offer a variety of painting surfaces such as canvases, ceramics, rocks, unfinished wood, and planters. "We also have our own proprietary ArtPad app that has video tutorials and images of painted samples, to get customers

started with their art project," said Aiyar.

The Cr  atif Franchise

Cr  atif is a unique brand that is positioned for growth. It leverages the demand for appealing, engaging art activities, all within the immense family entertainment and children's activity franchise industry. With multiple revenue streams such as Walk-In/DiY Painting Sessions, Private Paint Parties, Art Classes, Painting Workshops, Camps, Corporate events and more, Cr  atif has created a robust business model. The award-winning studio design, modern interiors, proprietary technology and great customer service creates an inimitable, vibrant and playful ambiance that encourages imagination and creativity. Family-owned and operated youth sports camp

Hi Five Sports Club Tri-Valley – A generous donor has partnered with the Pleasanton Chamber to provide a monthly contribution to a small business. The anonymous donation has been named The 214 Gift, and each month, a different Chamber member will be presented with a check. The 214 Gift for July was presented to Hi Five Sports Club Tri-Valley, which is a family-owned and operated youth sports camp in Pleasanton. Owners Roger and Lineah Younan began operating in the Tri-Valley in December of 2019, right before the COVID-19 shelter-in-place. They managed to stay in business while offering virtual movement classes for free as they saw the increased need for activity and fitness among school-aged children. As regulations began to ease, they felt it was safe to operate in-person and began their first in-person camps. Starting with only a couple of kids registered in their multi-sport class, they have now grown to sold out camps and are offering a variety of classes from cricket to basketball and even yoga. As parents of two young children themselves, Lineah and Roger understand the key elements in growing a love for sports and fitness at a young age are patience, variety of sport, and most importantly, fun!
