IT managed services for your business

**California Business Technology** — California Business Technology® (CBT), Inc. is a managed information technology service provider. CBT provides on-site and remote support for organizations, leveraging industry-leading remote monitoring and management (RMM) tools. CBT is committed to supporting your information technology needs allowing organizations to focus on their own business. The CBT team has built partnerships with major technology vendors, including but not limited to Microsoft, Google, and Comcast, and can design a technology solution that best fits a company's specific needs. For further information, call us at (925) 426-2322 or learn more at [cbt.io](http://cbt.io). Its new office location is on Owens Drive in Pleasanton.
