

# WETPOL 2017

**BIG SKY, MONTANA, USA**  
**AUGUST 22-26, 2017**

## WORKING AT THE INTERFACE OF WETLAND SCIENCE AND WATER QUALITY REMEDIATION.

Join us at the 7th International WETPOL Symposium in its first venture to the United States!

The 7th International Symposium for Wetland Systems for Water Pollution Control (WETPOL) will be held August 22-26, 2017 at the Big Sky Resort, Montana, USA. WETPOL is the preeminent global conference bringing together scientists, engineers and practitioners working on the use of wetlands for water quality improvement. To be held in the USA for the first time, this conference will create unique opportunities for collaborative exchange and new participants are encouraged to attend. A full program focused on domestic wastewater treatment wetlands, urban stormwater wetlands and bio-swales, riparian wetland restoration, wetlands in agricultural settings and wetland biogeochemistry is planned. The conference will include one day of field trips to explore examples of constructed, restored and unique natural wetlands and riparian areas in the region.

## YOUR PARTICIPATION IS PARAMOUNT?

We have TWO ways to be a part of the WETPOL Program.

### 1 SUBMIT AN ABSTRACT [Deadline: January 30, 2017]

Enhance the program. The 2017 WETPOL Planning committee would like to invite you to submit an abstract for presentation at the conference at Big Sky Resort, Montana, USA. Find topics for application and processes, as well as the submittal form are online at: [wetpol.org/call-for-abstracts](http://wetpol.org/call-for-abstracts).

### 2 SPONSOR

Sponsoring WETPOL gives you international visibility with 200-250 of the worlds top scientists, engineers and practitioners working on the use of wetlands for water quality improvement. We have sponsorship levels for every budget! From providing an exquisite meal under the Big Sky and sponsoring the Farm to Table Montana Ranch Dinner to arming your colleagues with an excellent networking tool by sponsoring the conference app. Widen your market, provide your landmark solutions and join us at WETPOL 2017 – our first time in the US! Learn more online: [wetpol.org/sponsor](http://wetpol.org/sponsor).

## BIG SKY, MT, USA

Big Sky Resort is referred to as “the Basecamp to Yellowstone.” Easily accessible and nestled in one of America’s most iconic regions, Big Sky Resort is approximately one-hour south of Bozeman, Montana and one hour north of Yellowstone National Park. The scenic drive from the airport (BZN) takes you through Gallatin Canyon, the picturesque setting of the movie “A River Runs Through It” and home to countless bald eagles, big horn sheep and other wildlife. Salt Lake City International Airport (SLC), with direct service to several international locations, is only a 5 hour drive from Big Sky Resort.

## OUR GOALS

- Knowledge transfer between different applications of treatment wetland technology
- Linking science and application of wetland technology
- Increase acceptance of treatment wetland applications
- Increase understanding of processes controlling wetland biogeochemistry
- Cultural exchange
