

Oregon Spotted Frog Overview

Status/Protections/Threats

Teal Waterstrat

Lisa Hallock

The Oregon Spotted Frog (*Rana pretiosa*)

Waaay back in 2015

Legal Status

- **British Columbia** – listed as endangered (SARA) and critically imperiled (BC)
- **Washington** – State Endangered
- **Oregon** - Sensitive/Critical
- **California** - Species of Special Concern
- **Federal** - Listed as threatened (August 29, 2014) and designation of critical habitat (May 11, 2016)

How can you get into trouble?

unless you are: destroying occupied habitat, stomping, shooting, selling, putting them in your kid's aquarium, or other things that you would never do at work.

August, 1935
