NAIOP SoCal Members Complete Successful Meetings in Washington, D.C.

Southern California (February 8, 2023) – During the week of January 30, 2023, NAIOP SoCal members completed a successful trip to Washington, D.C. where delegates met with several Member of Congress and their staff to underscore the importance of commercial real estate as a key factor to California's flourishing economy and quality of life.

During the meetings, our delegates emphasized their commitment towards working collaboratively with government stakeholders to achieve decarbonization, longer term grid and supply chain resiliency, cleaner and renewable technologies, appropriate tax policies, and to apply adaptive reuse to commercial buildings, among other policy priorities.

The SoCal delegation also participated in NAIOP's 2023 Chapter Leadership & Legislative Retreat in our nation's capital, where we were heartened to receive NAIOP's [2023 Chapter Merit Award](#) for having the highest number of new members in 2022. We are grateful to our members and Board for propelling us to experience record membership growth last year. We now stand at more than 1,200 members across Southern California.
