Doncaster**

Engineering

Engineers use science and maths to design, make, and mend things. They work with all sorts of things, including cars, oil rigs, tools, bikes, and TVs. No exam level jobs...

Windscreen Fitters

Windscreen Fitters repair and replace windscreens and windows in cars, vans, lorries and buses. The glass may be broken, cracked or scratched.

Quarry Worker

Quarry Workers do all sorts of tasks in a quarry. They help to get rocks and minerals out of the ground. These are used in making buildings and roads. They are also used in making many other things such as paper, glass and toothpaste.
