

TRIFAC

WORKERS' COMPENSATION FUND™

For Manufacturers

Trifac is a group self-insured workers' compensation fund providing statutory workers' compensation and employers liability benefits and coverages for Minnesota manufacturers.

The fund was established in 1996 and is managed and driven by its mutual members who make up the board of directors. The board members are elected by the fund members, the board collectively directs the operations of the fund by establishing criteria for new membership and rate setting.
