Re: 41-61 Covert Avenue – Fire Restoration Update 06

## **43 – 61 Covert Avenue**

The remaining debris cleanup has been completed. The architect will be finalizing the construction drawings for the base building re-build (not including individual business) within the next week or so and will be submitting for permit approval.

## **41 Covert Avenue**

A permit for debris cleanup has been issued, work started Monday, March 22 and will continue for a few weeks.

## **Site Fence**

The contractor will be cleaning up around the general site area and securing the fence to help stop it from falling during wind storms. The Village has reached out to Nassau County asking for an alternate design for the sidewalk closures if possible. Once we hear back, this information will be posted.

Further updates will be shared once they have been confirmed.

Please feel free to contact the Building Department with any questions or concerns from 8:30am – 4:30pm Monday to Friday at 516.326.6319 or [FPBuildings@fpvillage.org](mailto:FPBuildings@fpvillage.org).

Regards,

Renee Marcus, AIA  
Superintendent of Buildings
