Re: 41-61 Covert Avenue – Fire Restoration Update 11

The debris cleanup for the entire site has been substantially completed. Now that the walls, floors, and basements are exposed, the owners will be bringing back their consultants to analyze the remaining structure in order to provide proper support for the proposed rebuild.

The exterminator has been monitoring the site daily to mitigate any potential pest control issues and prevent future problems.

The Village is coordinating with the owners on a plan to re-open the sidewalks by the end of September. We will continue to work with the contractors to ensure that loaded dumpsters will be removed and replaced with empty ones as quickly as possible and check that the site remains clean.

Further updates will be shared once they have been confirmed.

Please feel free to contact me with any questions or concerns from 8:30am – 4:30pm Monday to Friday at 516.326.6319 or [FPBuildings@fpvillage.org](mailto:FPBuildings@fpvillage.org).

Regards,

Renee Marcus, AIA  
Superintendent of Buildings
