WHAT WE DO · *Partnership with Purpose*

LEGISLATIVE ADVOCACY - The Chamber advocates for pro-business policies and legislation to help companies grow and prosper. Through lobbying efforts, special events, legislative updates, governmental affairs newsletter, and attending city meetings, the Chamber is the voice of business in Bossier Parish.

RELATIONSHIP BUILDING - Our members build connections through a multitude of events annually. Your business will make meaningful, strategic contacts, which help participating businesses increase their visibility in the community.

ECONOMIC AND WORKFORCE DEVELOPMENT - We partner with local economic development agencies to recruit and retain businesses in order to drive job creation and workforce development. And, we have the expertise to help military and business members connect to employers offering career opportunities through SkillBridge and WIOA On-The-Job-Training (OJT) to bridge the skills gap of an ever growing economy.

MILITARY RELATIONS - We work with our local military installation and reserve units to ensure a strong quality of life, excellent education opportunities and workforce support for spouses and dependents.

Join the Bossier Chamber and open the doors to opportunity. Our members represent the best in their industry and the region's communities.
