YOUR LEADERSHIP

Letter From The President

Dear Future Chamber Partner,

While 2020 looked quite different than we had planned, we all know plans can change... and they sure did!

Our team was busy helping lead the economic recovery effort in the Rockwall area. We have worked with local and state leaders to provide feedback from the business community during these unprecedented times. The Chamber has instituted a gift card rally in March of 2020, injecting dollars directly into our local economy, started a Facebook group with over 13k members to drive awareness to our local restaurants, retail and entertainment outlets and helped lead virtual gatherings to connect local leaders to the business community. Our program of work continues to adapt to meet the changing needs of our business community.

The Chamber is proud to serve as the Visitors Center for Rockwall. We are increasing efforts to bring visitors here. Now more than ever, when people may not want to get on a plane, we are driving them to come visit us and experience our unique, upscale lakeside community. While visitors shop in our historic downtown and dine in our many local eateries and enjoy activities on the water this helps expand our tax base and supports our business community.

While face-to-face Chamber functions are limited, we continue to offer you the quality programming you have come to expect in a virtual format. We are telling your stories with our "My Why" series, being the source for the community to get info to the public with "The Pulse", round table discussions via our Affiliate Groups & Virtual Ribbon Cuttings are just the tip of the iceberg for what we have planned for our Partners.

Whether ready to join our Chamber Family or not, our team is #ThereForYou. We are stewards of the business community and are here to help you be successful. We're ready when you are.

4 STAR ACCREDITED CHAMBER

On March 7, 2017, the Accrediting Board of the U.S. Chamber of Commerce designated the Rockwall Area Chamber of Commerce as an Accredited chamber with 4-Stars. Accreditation indicates that a chamber of commerce operates under effective organizational procedures and contributes to significant positive change in the community.

To achieve this standing, we performed an intensive self-assessment of our operations in nine areas of work, including governance, government affairs, technology and program development.
