Greetings friends!

I am honored you are considering joining our 4-Star Accredited Chamber of Commerce. The Rockwall Area Chamber of Commerce is over 9 decades strong and here to serve you. We are proud to offer relevant programming and initiatives that impact over 750 organizations representing over 12,000 employees.

In my role, it is my privilege to keep the Rockwall area business community moving in a positive direction by adhering to the Strategic Priorities that our Board of Directors, led by Chairman Eva Hummel from ATMOS Energy, adopted in December 2021.

We are committed to focus on these priorities and we will:

- Continue to be the **Hub for Business** in the Rockwall area
- Focus on **Advocacy** and supporting pro-business policy at the local, state and federal levels, economic development, and community quality of life
- Foster **Tourism** and expanding our reach to bring visitors to our upscale lakeside community
- Reinforce our **Organizational Excellence** with effective and efficient governance, membership growth and adequate resources for the future

Whether you are just starting out or have an established business, we can help create the right path for you in the Chamber. Our professional team can be a great resource to you and your organization. Please feel free to reach out to any one of us to help you along the way!

I look forward to serving you!

Growing because we help you grow.

I believe that a cities, communities, and counties are directly affected by how well businesses in those areas function, grow, operate, and actively engage with their community at large. This then trickles down to schools, home values, and quality of life. I have a family that I want to raise in a strong community and want to help in any way that I can. The Rockwall Chamber of Commerce is the best group to help achieve the ideals I have for Rockwall County. By actively engaging with many businesses leaders and connecting them with community leaders, the Rockwall Chamber is essential to keep the Rockwall community growing and striving to always improve the quality of life. I enjoy being at least a part of that growth any time to find out the best ways to get involved.
