Director Seat 2

I am a SW Virginia native, who loves mountain life. After many years in management and sales, I have found my true calling in real estate. It gives me the opportunity to meet people from around the globe and share my knowledge of this area. Such as all the great outdoor activities, my husband Steven and I enjoy hiking, biking, kayaking, boating, golfing, if its outside, we LIKE IT., We look forward to teaching our grand children how to fish, play ball, and just watching them grow, is truly, one of the finer things in life.
