LIVE

Colorado's Quintessential Hometown! *The Soul of Parker...*

The quintessential town of Parker is only 30 minutes from downtown Denver, but one would be remiss to write this small town off as simply another suburb. With historic Mainstreet featuring a variety of local businesses and small-town charm, as well as the wide-open spaces not typically found around the Denver city limits, Parker feels a world away. Parker is known for activities year-round and includes everything from a

honey festival to the legendary Parker Days Festival, and a magical holiday season. The nice part about living in Parker is when you don't know what you're doing...someone else is always there to help. Whether standing in a grocery store line or walking through O'Brien Park, a familiar face generally appears, along with a friendly wave. The essence of Parker lies in the small-town feel – as if it has a soul of its own.

"Moving to Parker in 1989, I've seen so many changes and improvements. It's rare that I don't go into a store and see someone I know, which just doesn't happen in big cities. The Parker Chamber has been my resource all this time, with people calling to ask me if I can recommend a business to help with all sorts of things. I immediately pull out my Chamber magazine to see who is listed. That's my go-to guide for all needs! I love being in Parker and its Chamber of Commerce!"

WORK

We're In This Together! NerdsToGo Owners Parker Proud to Core

Parker's NerdsToGo Computer Service celebrates its two-year anniversary soon and owners Clare and Dennis Huspeni couldn't be more grateful for the support the community has given.

The Huspenis started NerdsToGo in March of 2019 on the corner of Parker Road and Crossroads Drive right across from the heart of Parker, O'Brien Park.

Clare and Dennis grew tired of putting all their efforts to large corporations and decided it was time to realize that lifelong dream to be business owners. While researching opportunities, the Huspenis found a young and growing IT services franchisor called NerdsToGo. With Clare's IT and customer service experience running contact centers for large financial services firms, and knowing there'd always be a need for computer and technology repair, they made the leap.

Locating their new business in Parker was a natural choice. The Huspeni's daughters Brittany and Elese attended

Douglas County schools most of their lives, both graduating from Chaparral High School. The 18-year Stonegate residents had watched Parker grow from a sleepy bedroom community to a vibrant Town of shopping, dining and entertainment options.

One of the first things the Nerds did was join the Parker Chamber of Commerce. They hosted a ribbon cutting for NerdsToGo and gathered the business community to welcome Parker's newest retailer and service provider. The town has continued to support the Nerds, with many small businesses using them to support IT needs and area residents bringing their laptops, cell phones and gaming systems for maintenance and repair.

"The Chamber and Parker community just wrapped their arms around us," said Clare. "And when the pandemic hit and we were declared an essential business, customers needed us to help them work and school remotely. We love living and doing business in Parker."

WORK

The Power of Collaboration

The Town of Parker and the Parker Area Chamber of Commerce are excited to continue to work together in a forward-thinking and collaborative manner to promote, support and advocate for our local business community and keep Parker a great place to live, work and play! From providing Town resources and support for Chamber events that enrich the Parker community, such as Parker Days, Wine Walks and Movies in the Park, to partnering on visitor campaigns highlighting the many great things Parker has to offer, to cross promoting business resources and networking opportunities, together we have the best interest of our businesses and our fantastic community in mind.

The year 2020 was one of change, adaptation and growth. Through so much uncertainty, one thing remained clear – the Town and the Chamber remained committed to seeking out opportunities to support our business community and local economy during a time of significant need. We pushed through a turbulent year together by rolling out shop local campaigns and business support programs, as well as partnering with Douglas County on

programs that provided CARES funding for qualifying businesses and supported business reopening initiatives. Although economic impacts still exist, we know that better times lie ahead and we're committed to supporting our local businesses and reopening the Parker community.

While we know our response to the unprecedented challenges of 2020 was far from perfect – what we do know is the ongoing partnership between the Town of Parker and the Parker Area Chamber of Commerce will continue to grow and thrive in the coming year, and with it our business community.

We look forward to the time in the coming months when our restaurants, hotels and local shops can fully welcome back residents and visitors alike. And, as community events and activities begin to return, our parks and stages will once again be filled with music and laughter, families and fun! Until then, stay tuned to the Parker Area Chamber of Commerce and Town of Parker Economic Development Facebook pages for helpful business updates and opportunities to promote your business!

Quiet Corner of this Noisy World

Pack your bags and join us in Parker, Colorado! 99.5% of the residents of Parker are transplants from another region of the country. Why did all of us end up here? We landed here because Parker just feels right.

Parker reminds most people of their hometown or the hometown where they wish they would have grown up. The people are friendly. Your neighbors wave at you and say “hello” when you pass by. Many of our neighborhood homes are designed with cozy front porches just so you can get to know your neighbors.

In today’s crazy world, we all want to slow down and enjoy life a bit more. Parker is the perfect place to do that because we have that strong feeling of Americana. Meeting your neighbors for a backyard barbeque, gathering some friends to enjoy a Wine Walk in our historic downtown area on a summer Friday evening or simply

strolling along one of our many nature trails are just a few ways to enjoy “our quiet corner” of this busy world.

Each December Downtown Parker transforms into a winter wonderland with millions of lights covering all of the trees in the area. The season kicks off with the annual Mayor’s Tree Lighting Ceremony with a Christmas Carriage Parade that weekend. December is a beautiful season to enjoy downtown Parker under the lights.

Andy Griffith of Mayberry and George Bailey of Bedford Falls would both feel right at home in Parker, Colorado! If you look closely you may even see Gene Kelly dancing around our retro street lamps throughout the town of Parker. Although he will be “dancing in one of the 300+ days of sunshine” that we enjoy each year.

What are you waiting for? Hop in the car now!

Red Farmhouse Adds to Parker's Charm

The Red Farmhouse Bed & Breakfast is surrounded by a lush 5 acres of 100-year-old Ponderosa pines, yet it is only a mere 10 minutes from downtown Parker. Jolynn and Durr Gardner started the B&B in 2013 with the idea of bringing people together. Unlike traditional hotel rooms, the Gardner's aim to bring a level of intentionality and personality into every component of their guest's stay. From burlap feed sacks to dressers fashioned out of old chicken incubators, the Gardner's like to handpick décor that has a story. The Red Farmhouse is the perfect destination for locals to book a summer staycation and for travelers to get an authentic taste of Colorado culture.

GROW

Douglas County School District. Learn Today. Lead Tomorrow.

For over 60 years, the Douglas County School District (DCSD) has strived to provide innovative educational approaches tailored to every student. Here in Parker, DCSD has three school feeders: the Chaparral High School feeder, Legend High School feeder, and Ponderosa High School feeder, each featuring amazing middle school, elementary school and preschool offerings across the Parker area.

Parker families can access the educational options within our schools that best meet their students' needs. DCSD schools offer a safe, supportive, and inclusive environment where students can discover their strengths and talents and develop their unique potential. Programs include:

- College and Career Readiness
- Honors and Advanced Placement Offerings
- Concurrent Enrollment (students earn college credits while in high school)
- Career and Technical Education (preparing students to enter the workforce directly after graduation)
- A variety of sports, clubs and extracurricular activities

- Advanced Education (such as gifted and talented programs)
- Special education and related services in alignment with the Individuals With Disabilities Education Act (IDEA) and Colorado's Exceptional Children's Education Act (ECEA)
- Early Childhood Education/Preschool
- Before and After School Programs

In DCSD, we are committed to ensuring that all children have access to the support they need to fulfill their potential and pursue their chosen endeavor in society, whether it's postsecondary education, career, or military service.

The numbers speak for themselves:

- DCSD serves 63,000 students in 89 schools, making it the third-largest school district in Colorado.
- DCSD is the largest employer in Douglas County, employing 8,300 staff members.
- DCSD has one of the highest graduation rates in the Denver metro area. Rates have risen steadily from 83.1% in 2010 to 91.7% in 2019.
- The class of 2020 earned more than \$93 million in scholarships.

- Students and families saved more than \$3.1 million in college expenses through DCSD concurrent enrollment partnerships.

Taking Care of the Whole Child

DCSD provides a place for each student to find personal growth and fulfillment in a safe and supportive environment that develops not just academic skills, but also the skills to ensure social, emotional, and physical well-being.

In DCSD, our exceptional education leaders work closely with school counselors, psychologists, and social workers to ensure each child receives the social-emotional learning supports necessary to learn safely while staying healthy. Thanks to the \$40 million Mill Levy Override funding made possible by Douglas County voters in 2018, every DCSD elementary school now has a dedicated counselor. And, additional counselors were placed at the middle and high school levels.

Thanks to an ongoing partnership with local law enforcement, in 2019, DCSD

added dedicated School Resource Officers (SROs) to our middle schools, in addition to the SROs already in our high schools. Local law enforcement also provides School Marshalls to our elementary schools.

We encourage you to learn more about the DCSD schools in your area. Contact any of our schools to learn more about their unique offerings. We can't wait to welcome you into our Douglas County School District family!

You Live Where People Care

Living in Colorado has many advantages... endless sunshine, incredible views, a thriving economy, ...the list goes on.... As residents of this great state we have a wonderful opportunity to build the kind of community we want to live in! One easy (and often overlooked) way we can do that is by volunteering with our local charities. Did you know there are over 20,000 non-profits in the state of Colorado?

Volunteering locally is a win-win for all parties involved. Those who receive help are grateful for the help, and volunteers learn that helping others makes them feel better. It's truly win win!

Douglas County has hundreds of volunteer opportunities that provide a great way to plug into your hometown. By volunteering locally, you are directly investing in and creating the type of community you want to live in! Whether you're serving at a local food bank, volunteering at a hospital, or working with animals, your time and energy are invaluable to the groups you're serving and the charity you're serving with!
