

COVID-19 Community Partner Update

Information is changing rapidly. Governor Cuomo has been speaking daily. Watch the press conferences for up-to-date details or visit:

- Livingston County DOH Website www.livingstoncounty.us/1207/COVID-19
- NYSDOH website www.health.ny.gov
- CDC website www.cdc.gov

Situational Update:

- A State of Emergency has been declared nationwide, statewide, and countywide as COVID-19 continues to spread.
- The LCDOH has activated a toll-free number (1-877-280-6775) and will be providing this information in various ways to the community.
- There will be a radio interview on March 23rd at 3:00 pm with WYSL 1040 AM/92.1 FM to answer questions from the public. To be sure your question is answered, submit them in advance to dept_of_health@co.livingston.ny.us

Prevention Tips:

There is currently no vaccine to prevent COVID-19 infection. The best way to prevent infection is to follow these tips:

- Wash your hands often with soap and water for at least 20 seconds, especially after you have been in a public place or after blowing your nose, coughing, or sneezing. If soap and water is not available, use a hand sanitizer that contains at least 60% alcohol.
- Avoid touching your eyes, nose, and mouth with unwashed hands.
- Avoid close contact with people who are sick.
- Stay home when you are sick.
- Put distance between yourself and other people. This is especially important the elderly and people who have serious chronic medical conditions.
- Cover your mouth and nose with a tissue when you cough or sneeze or use the inside of your elbow.
- Clean and disinfect frequently touched objects and surfaces daily.
- Avoid crowds.
- Avoid all non-essential travel.

Please call 1-877-280-6775 for more information.
