

Vail Board of Realtors® Foundation - Mission Statement and Giving Policy

Updated on 5/15/2023

Mission Statement:

The Vail Board of REALTORS® Foundation supports initiatives focused on creating attainable housing solutions for all, works in collaboration with community organizations to cultivate housing opportunity for all Eagle County residents, and provides assistance to our REALTOR® members in need.

The Vail Board of REALTORS® Foundation (“VBRF”) funds:

1. VBR Members needing financial assistance due to a catastrophic illness or accident, for use towards expenses related to medical issues or disaster relief.
2. Not-for-profit (501c3) community organizations that serve the local community, primarily in the area of housing-related programs.

Funding requests provided by written application will be considered by the VBRF Board of Directors. Funding decisions will be based on the annual budget, available funds, and whether the request falls within the Mission Statement and Giving Policy of the VBRF.

Funding for Individuals in Need:

- Funds are given to help with expenses related to catastrophic illness or accidents not covered by insurance and disaster relief.
- Specific use of how the funds will be used must be identified in the application.

In most cases, the VBRF Board of Directors will make a decision within approximately one-two months of the application submitted.

Funding for Not-for-profit Community Organizations:

- Applications from not-for-profit organizations should be submitted to the VBRF Board, prior to the deadline on the guidelines and application for not-for-profit community organizations. Any applications submitted after such time will be notified that that application period is closed.
- Applications must identify the purpose of the organization, how their funds have benefited the local community, and how the VBRF funds will benefit and be used in the local community.

The VBRF Board of Directors will evaluate and identify local not-for-profit organizations in January of each year to be considered for funding the following year.
