Chamber History

On behalf of the Defiance Area Chamber of Commerce – Welcome!

The Chamber enjoys a long and successful history of serving our business community. Originally founded in 1938 by three local businessmen as The Defiance Civic Club, Inc., the organization's initial mission was "to promote unity of action for the welfare of the city of Defiance, Ohio." In 1941 the nonprofit became known as The Defiance Chamber of Commerce and evolved to The Defiance Area Chamber of Commerce in 1966. To further support educational opportunities throughout our community, the Chamber established the Defiance Area Chamber of Commerce Foundation in 2012.

Defiance is a great place to live and work - a vibrant and progressive community that is rich in history, small town experiences, strong educational systems, and a superior quality of life built on family values. For more than 80 years the Chamber has been serving the greater Defiance area as an effective community development organization. The Chamber is a vital connector and has remained true to its purpose of promoting industrial, commercial, professional, civic and general interests of the community.

The Chamber is strongly committed to continuing to help build an even greater community through our efforts to serve, connect and promote our members, improve the business climate, offer educational support for the workforce, and advance the development of the area.

People Do Business With People They Know and Trust

We invite you to join the Defiance Area Chamber of Commerce! A national survey of 2,000 adults, conducted by the Atlanta-based strategic consulting firm Schapiro Group, revealed that being active in a local chamber of commerce is an effective business strategy, and that two-thirds of consumers believe that such companies use good business practices, are reputable, care about their customers, and are involved in the community. The study indicates that local chamber membership has consistent and powerful benefits for small business members, and small businesses are the largest segment of the Defiance Area Chamber of Commerce membership.

To be successful, we need YOU to be successful! The Chamber is a leading business advocate and provides multiple opportunities for networking, educational development for future leaders, and money-saving programs that benefit both your business and your employees. We value and appreciate our nearly 400 members who invest their time and talents toward the endeavors of the Defiance Area Chamber of Commerce. We look confidently to the future with optimism and know our community will move forward together!

Defiance Area Chamber of Commerce Foundation, Inc.

The Defiance Area Chamber of Commerce Foundation was established in 2013 by the Defiance Area Chamber of Commerce. The Foundation was created for charitable, educational and scientific purposes. The Defiance Area Chamber of Commerce Foundation Reverse Raffle serves as the largest fundraiser for the Foundation. The funds that are raised from this event help to administer various programs within the foundation including but not limited to: support of economic development, scholarships, support of awards for the Defiance County Fair, and support of awards for the Defiance County Agricultural Hall of Fame.

What members are saying...

Leadercast has been a valuable tool that I have used to improve my leadership skills, and the leadership skills of my staff over the past several years. The types of leaders that you get to experience through the Leadercast program effectively present their ideas and leadership experiences, sharing new ideas, while re-enforcing the need to be a highly effective leader for your organization. The leaders that present are from all facets of the work force and show that strong leadership skills apply to any organization in any field. Leadercast has been a very valuable tool for my organization in the area of leadership training and I highly recommend Leadercast to anyone who wants to improve themselves and their organization.

Business & Industry

Defiance's success as a regional supplier of quality industrial jobs stems from several factors. The most basic factor could be the strong Midwestern work ethic possessed by many Defiance residents. A strong educational system trains Defiance citizens from grade school through college as they prepare to enter the workforce.

Defiance County has a work force of over 18,000 and attracts employees from the entire region. The Defiance area hosts a variety of manufacturing firms and agri-business companies, many of which are internationally known.

The Defiance County CIC hired a workforce development manager in 2017 and formed a workforce committee that meets monthly and consists of a variety of employers, school officials, county employees who are working together to create new ideas. Ideas discussed have been such things as starting to talk to students at a younger age about the opportunities in skilled trades and how modern manufacturing is an exciting, good paying career path. With the average age of an employee being 50 years and higher, businesses across the nation are battling a shortage of qualified skilled workers to join the workforce.

The Defiance County Economic Development office works closely with the private and public sectors to enhance the retention and expansion of jobs in the area. The office is funded through the Defiance County Community Improvement Corporation (CIC) and is available for issuance of industrial revenue bonds, enterprise zone applications and other economic development assistance. Information on sites, labor, transportation and other factors may be obtained by contacting the Defiance County Economic Development office at 1300 East Second St., Defiance, Ohio or by calling (419) 784-4471. <https://www.defiancecountyed.com/>

A Great Place to Worship

Defiance area residents have much to be thankful for and plenty of places to praise and worship! With a wide variety of churches in and around the Defiance community, there are many denominational and non-denominational churches to choose from. Many of the congregations have programs to serve all age groups including vacation bible school, youth groups for teens and bible studies for adults.

The residents of Defiance enjoy coming together and creating this diverse worship community. Maintaining food pantries, collecting clothing and blankets for those less fortunate and raising funds and awareness for those who are in need are just a few of the benefits that come from having such a compassionate faith community.

Calling Defiance Home

The river banks and gently rolling landscape of the Defiance area have displayed an expanding tapestry of fine family homes, loved by those who live within them.

Close to downtown Defiance, adjacent to the Maumee and Auglaize Rivers, stands a variety of well-kept older homes, some dating from the turn of the century. These homes are enhanced by ongoing riverfront beautification which has received praise from the U.S. Department of the Interior.

The Defiance community is made up predominately of single family homes with a small mix of condos, villas, multi-family units & apartments. About half of the housing in the county is in, or just outside of the Defiance City Limits, with the other being rural homes typically on 1-5 acres.

There are numerous subdivisions around Defiance including Noble Estates, Kettenring Hills, Berkshire, Lakota Hills, Christy Meadows, Riverchase, Old Oakes, Chinook Trail, Englewood, Maumee River Crossing, and more. Defiance has a very rich history and has numerous homes registered on the Historic Homes Registry. These homes are typically located on Holgate Ave, Washington and Jefferson streets.

Agriculture & the Environment

OSU Extension provides research-based information and educational programs about agriculture, families, youth and community development from The Ohio State University to the residents of Defiance County.

Enhancing Agriculture and the Environment

Ohio's diverse agricultural, horticultural and forestry industries contribute more than \$100 billion to the state's economy every year. OSU Extension agriculture and natural resources (ANR) programs assist with technology, marketing and educational support – protecting Ohio's position in the global marketplace.

OSU Extension also works to help local residents and community leaders enhance and sustain the environment and natural areas throughout the state, balancing economic advancement with environmental sustainability.

Our ANR professionals help producers develop and expand profitable, sustainable farming and other agricultural businesses – thereby creating jobs and economic opportunity for Ohio's citizens. They also provide leadership, collaboration, consulting, unbiased information, applied research, and access to land-grant university knowledge to address local issues and needs.

Defiance County has 263,168 acres with 79% (209,000 acres) used for Agriculture. Crop production is our major farm cash receipt with soybeans and corn generating 69% of the total cash receipts.

4-H Youth Development

4-H is a non-formal educational, youth development program offered to individuals age 5 and in kindergarten to age 19. Ohio 4-H youth development reaches more than 240,000 youth each year – helping kids “learn by doing” through hands-on activities.

Impacting the Quality of Life

Growing Through Giving

The Defiance Area Foundation (DAF) recently celebrated reaching **\$13.5 million in assets** thanks to four decades of generous donors and community support. The pandemic has changed our lives, but we haven't seen a change in our donor and fundholder support for our community. Last year, **292 donors gave \$628,995**, and we awarded **76 grants totaling \$487,223**.

This past year, our youth philanthropy fund called YELP (Youth Engaged Leadership & Philanthropy), blossomed into a group of students ages 9-14 with a common calling to serve. They spread kindness through acts of service, helping with the Clothes for Kids initiative, and raised funds for the Sheriff's K-9 program.

Project 2030, an exciting new fund, was launched this year. The goal is to raise \$200,000 through donor "shares" to build something we could only dream about today. *Maybe it's an ice skating rink, amphitheater, or indoor playground?* Down the road, we will ask our community to submit project ideas, and then eligible donors can vote on the final project. This is a great fund for new donors to give at a Partner Level commitment of \$25 a month for 10 years, or \$3,000 total. Donations of \$10,000 or more will be honored at the Visionary Level and will be recognized on the website and at the final project site. *Learn more at our Project 2030 link on our website.*

In 1979, H. Eugene Smart had a vision to form a charitable foundation that would support programs and projects within the Defiance Community. From the inception, the Foundation has focused on and participated in the building of capital projects and funding of programs that impact the quality of life in Defiance County.

The Defiance Area Foundation is a tax-exempt, not for-profit, publicly supported philanthropic institution. It is a collection of individual funds made up of gifts, endowed funds, and bequests from individuals, and corporations to enhance the quality of life where they live and work. These funds are pooled and invested and the income is distributed as grants. Since it is a public supported, Tax exempt Corporation under IRS Code Sections 501(c) (3), all gifts are tax-deductible. By preserving and nurturing the growth of its assets, The Foundation strives to enhance and enrich the quality of life in the Defiance County Community.

THIS YEAR'S THEME HONORS THE GROWTH OF OUR DONORS AND OUR COMMUNITY THROUGH THEIR GENEROSITY.

804 NEW OUTFITS HAVE BEEN PROVIDED TO LOCAL STUDENTS THROUGH THIS INITIATIVE.

Education

Local schools have a proud tradition in the Defiance area and offer a myriad of opportunities for students at all levels including a trade and technical school equipped to prepare the area's emerging workforce, faith-based schools, and schools of higher education.

Public School Opportunities

Defiance City Schools

In the spring of 2007, construction and design began for a new elementary school in Defiance. This new building combined all of the Defiance City public elementary schools grades Pre-K to 5th into one complex building with a multitude of opportunities for the students that attend. The first day of class was held on January 5th, 2009. The new school consists of over 1200 students and 120 staff members.

The Defiance Grades 6-12 School is a state-of-the-art educational setting that will give our young people everything they need to become college- and career-ready in a highly competitive world. Designed for today's project-based learning, our new school also is environmentally efficient and secure. The inviting campus makes the most of natural light and includes a "teaching stair", a modern media center, state-of-the-art science rooms, a CAD Lab, and Engineering Tech Lab, updated band and choir facilities with technologically upgraded practice rooms and additional ensemble spaces, and an arena-style gymnasium. All of the district's schools are now on one campus.

Northeastern Local Schools (Tinora)

Northeastern Local School District covers one hundred-seventeen (117) square miles and is located in the northeastern corner of Defiance County, Ohio and serves the four townships of Tiffin, Noble, Richland and Adams. The PK-12 student population consists of approximately 1083 students who are instructed by a staff of 88.

Our district is one to one chromebook use for students. This, along with on-line electronic class offerings at our Tinora High School truly enhances our students' learning. Most importantly, the mission of our school district is to educate, motivate and graduate students to live in a changing world.

The completion of the new Middle School and High School building occurred in 2020. The state-of-the-art building will be a community establishment for many decades to come. The building houses grades 5-12, a cafetorium, music wing, ag department wing, middle school gym, high school gym, playground, media center and administrative offices (high school, middle school, athletic, and central). Northeastern Local Schools is also in the process of building a Performing Arts Center with a completion date of Spring 2022.

Our theme for all our students, faculty and staff is "Learning to Believe and Achieve", and we are dedicated to that theme. We want our students to believe in themselves so that they can achieve their academic goals as well as their goals in life.

Central Local Schools (Fairview)

Central Local Schools, a 166-square-mile district located in central Defiance County and southern Williams County, is comprised of three schools: Fairview High School, which serves students in grades 9-12; Fairview Middle School, which serves students in grades 6-8; and Fairview Elementary School, which serves students in grades PK-5. Situated on one campus, "The Home of the Apaches" is approximately eight miles south of Bryan and twelve miles west of Defiance.

The Board of Education and administration work as a team with honesty and integrity, employing a faculty and staff that is both dedicated and an inspiration to its students. Central Local, in partnership with its large community, provides a safe learning environment for its student body with a mission for each student to realize his/her fullest potential as a life-long learner in a global society.

The district is proud of its unique ability to offer a tremendous and caring educational environment as evidenced by a 14:1 student to teacher ratio. In addition, the district offers an array of academic courses, including a very organized STEAM (science, technology, engineering, arts, and mathematics) curriculum at the middle school level and an active Future Farmers of America program at the high school level. Several extra-curricular activities, including music, art, and athletics, provide a well-rounded education for all students.

Defiance College

Chartered in 1850, Defiance College is a private, liberal arts-based college providing outstanding academic programs and co-curricular activities.

Defiance gives students an education that defies the ordinary; where they can grow through outstanding academics with expert faculty who care about them. Students are provided remarkable learning experiences that connect the classroom to the real world. With a job placement rate of 96.8 percent, Defiance also helps students find their career after graduation - including graduate/professional school.

Defiance College recently established an innovative new program called Jacket Journey. DC is the first four-year college to require every student, in every major, to participate in career-readiness programming every year, from matriculation to graduation. Through that unprecedented approach, we are equipping students with the knowledge, experiences, and habits critical to achieving career success.

Students at Defiance have multiple opportunities to graduate with a resume that really stands out. They can engage in academic research programs which rarely happens before the graduate school level at other institutions. DC students also present at state and national conferences, campus symposia, and create capstone projects that represent a deeper understanding of their academic accomplishments.

A key component to life at Defiance is community service, with students providing more than 12,500 hours of service to the community annually. Within the local community, Defiance College students are involved in many projects related to their academic fields or interests. The Service Leadership Program is designed for students who have served and led their community in some way and who want to continue that commitment. Defiance is consistently recognized by the President's Higher Education Community Service Honor Roll.

Service opportunities intertwined with a Defiance education extend beyond the local to leave a global fingerprint through the McMaster School for Advancing Humanity - a program that is unique among colleges and universities across the country. Since its inception 17 years ago, more than 27,000 people have been impacted through the McMaster School's community-based research projects, both

locally and globally.

Another important piece of a Defiance College education is student life. The College campus offers a variety of organizations, clubs, and activities, including honor societies, religious groups, sororities and fraternities, intercultural organizations, student government, intercollegiate and intramural athletics, literary publications, vocal and instrumental music and performance groups, service learning activities, and special interest clubs.

Defiance College is guided by the four pillars of its mission: To Know, To Understand, To Lead, and To Serve. **For more information, visit www.defiance.edu.**

Independence Dam State Park is situated on 525 acres and sits along the banks of the Maumee River. The original wooden dam was constructed in the 1800's for the canal system. In 1924 the cement dam replaced the original structure and this is what we see today when we visit the park.

The natural confluence of the Maumee and Auglaize rivers, upstream from Independence Dam State Park, played a large role in the development of northwestern Ohio. The waters of these two rivers are a valuable natural resource for both industry and recreation.

Defiance College, in partnership with the Diehl Family Foundation, established the Thoreau Wildlife Sanctuary in 1989. More than 200 acres of farmland were converted to prairie, meadow, deciduous forest, wetland, and white pine forest habitats. Management of these habitats is ongoing and has been integral to the development of the Restoration Ecology major at Defiance College.

Restoration Ecology at Defiance College students have planted more than 40,000 trees on the Sanctuary property, as well as planting herbaceous terrestrial and wetland plants. Further, students have conducted research involving reintroduction of bobwhite quail and ringneck pheasants, prairie burns, and distributions of amphibians, reptiles, birds, and mammals. Current projects range from control of invasive terrestrial plants to effects of cropland on water quality.

Andrew L. Tuttle Memorial Museum

History is not contained in textbooks, but in our community and its institutions— the local library, museum, archives and its historic buildings and places. These are where we find what we call primary sources, and they help form our identity as a people and community. These are the tools by which we educate ourselves about our heritage that empowers us to envision a better future.

The Andrew L. Tuttle Memorial Museum has been created to foster an understanding and appreciation of the diverse history of the City of Defiance and its immediate surrounding area by responsibly collecting, preserving, interpreting and exhibiting items from the area's natural and cultural history. The museum is owned by the City of Defiance with operation overseen by the city historian and a board of advisors that reports to the Defiance City Council.

Discover Defiance

The Defiance Development and Visitors Bureau (DDVB) was established in 2006 as a Main Street Office and Visitors Bureau with the vision to revitalize downtown Defiance and promote areas throughout Defiance all under one roof.

Downtown Defiance has seen many revitalization projects through private building owners and grant funding as well as streetscape improvements that continue to enhance the downtown area. Working closely with our community partners, we inspire positivity into our community and entice members outside of the Defiance community to visit.

Where friends, families and the rivers meet.

Defiance County is the perfect weekend getaway destination! Take a walk through the site of Fort Defiance, see our tribute to Johnny Appleseed at Pontiac Park, and visit the past at a restored Miami and Erie Canal Lock to absorb the community's rich history. The Andrew L. Tuttle Memorial Museum and AuGlaize Village offer opportunities to learn about the "Heart of the Historic Maumee River Valley".

The downtowns in Defiance, Hicksville, Sherwood, and Ney are great places to gather any time of the year. Visit one of the delicious eating establishments or eclectic retailers or join us at any of our annual events!

Discover the natural beauty as you explore one of many walking trails such as our section of the Buckeye Trail and the North Country Trail. Be sure not to forget the views at Independence Dam State Park where Bald Eagles and other wildlife are commonly seen. The confluence of the Auglaize and Maumee Rivers is a sight to see offering opportunities for boating, fishing, kayaking, and so much more!

Home to several "Uniquely Defiance County" restaurants, breweries, and sweet shops, you will not want to miss out on dining during your trip! From great pizza with a DORA cup in hand to pie like-your-grandma-wished-she-made and options you do not find in most small towns, these locations are packed with charm and full of flavor.

Looking for additional amenities and information in and around Defiance? Check out our website: VisitDefianceOhio.com.

If you are interested in getting more involved in the Defiance community, contact the DDVB for volunteer and committee opportunities.
