# DONATIONS & VOLUNTEERS

Along with our Sponsorship options we also gratefully accept support via donation of products and/or services. This can include donation of time in becoming a Chamber volunteer.

Donations are generally used at our events that host silent auctions or door prizes and you or your business are clearly acknowledged as the generous supplier. We also look for items that can be included in swag bags.

Volunteers make our events shine! With the additional help of our volunteers we are able to create and execute amazing events.

As a member driven organization your support is extremely important and we are sincerely appreciative of the generosity we receive from our communities.
