## Shoppers can earn free gift cards with #BuyLocal program

**Jocelyn Brennan**  
President I CEO  
South County Chambers of Commerce

Local residents and visitors can earn free gift cards to participating Grover Beach businesses by shopping, dining, and supporting salon/personal care as well as fitness services in Grover Beach. When a shopper spends \$100 or more at a Grover Beach small business (in the retail, restaurant, brewery, winery, fitness, and salon/personal services sectors), the shopper can select from a list of participating Grover Beach businesses to receive a free gift card for \$25. To claim the gift card, shoppers need to upload their receipt of \$100 or more to our Chamber website at [southcountychambers.com](http://southcountychambers.com) and choose their preferred gift

card. The selected gift card will be mailed to the recipient within one to two weeks. Receipts can be uploaded [here](#).

In partnership with the South County Chambers of Commerce, the City Council of Grover Beach launched the #BuyLocal program as part of their ongoing efforts to stimulate the economy, retain local jobs, and help small businesses recover and thrive. The #BuyLocal promotion started last month and will continue until gift cards are claimed.

Grover Beach businesses can still apply to participate in the #BuyLocal program by clicking [here](#). The City of Grover Beach will purchase up to twenty \$25 gift cards from each qualified local business that is selected, up to \$500. Grover Beach businesses that are currently signed up include Surfside Deli, Studio 805 Salon, The Spoon Trade, Fuego, Studio 150, Grand Inspirations Home Furnishings & Decor, Brass & Needle Beauty Bar, Bittersweet Brewing Company, Grover Station Grill, Exfoliate Skin Therapy, Nan's Pre-Owned Books, 8575 Perfetto

Caffe, Let's Wing It, Rib Line by the Beach, La Casita Mexican Restaurant, First Class Seconds, Red Bee Coffee, Pardon My French Bakery, Monarch Grove Winery, Shear Elegance, and Yamato. Shoppers are encouraged to shop safely to support local Grover Beach businesses and earn valuable gift cards.

Your generosity in supporting local business is in partnership with the efforts of The City of Grover Beach and South County Chambers of Commerce. The #BuyLocal program is part of the ongoing response to the COVID-19 pandemic.

Since this program is to support small, local businesses that are directly impacted by the COVID-19 restrictions on business, the following business types do not meet the requirements for the #BuyLocal Program: Corporations, Convenience/Drug Stores; Grocery/Supermarket; Lodging; Fueling or Gas Stations; and business chains that are not locally owned.

## March 2021 Business of the Month: Food 4 Less of Arroyo Grande

In 1883, Barney Kroger invested his life savings of \$372 to open a grocery store at 66 Pearl St. in downtown Cincinnati. The son of a merchant, he ran his business with a simple motto: "Be particular. Never sell anything you would not want yourself." It was a credo that would serve The Kroger Co. well over the next 130 years as the supermarket business evolved into a variety of formats aimed at satisfying the ever-changing needs of shoppers. Their most urgent

mission is to be there for their customers when they need them most, with open stores and openhearted hospitality. They're taking proactive steps to protect the health and safety of their associates, customers and communities, including adjusted store operating hours, enhanced cleaning procedures, physical distancing precautions

and expanded associate benefits. Kroger companies are committed to community engagement, positive social impact and charitable giving nationally and locally. They direct their charitable giving and service—at the national and local levels—to nonprofit organizations that focus on hunger relief, military personnel and their families, health and nutrition, disaster relief and more.

Their Arroyo Grande store is located at 1132 W. Branch St.

## Update from Supervisor Lynn Compton, District 4: Oceano, Nipomo, and Arroyo Grande

### 2/26/21 Weekly COVID-19 Update from Supervisor Lynn Compton:

SLO County residents age 65 and older can now reserve an appointment to get their first dose of a COVID-19 vaccine. This decision comes at the recommendation of the local Vaccine Task Force based on current vaccine supply and risk of serious outcomes from COVID-19.

Residents age 65 and older, as well as eligible residents under Phase 1a, can reserve a COVID-19 vaccine appointment. Appointments are currently limited, due to limited vaccine supply, but more appointments may become available weekday mornings as supply allows.

"Because we have a very limited number of vaccine doses right now, please let those most at risk for exposure and serious health outcomes get an appointment first if you can safely continue to shelter at home to reduce

your risk of exposure," said Dr. Penny Borenstein, County Health Officer. "Everyone in SLO County will have a chance to get vaccinated against COVID-19, but those at higher risk should get their shot first."

The County expects to administer more than 6,100 doses next week at its COVID-19 vaccine clinics, which will operate Tuesday through Thursday. SLO County is home to over 38,000 residents between 65 and 74 years old.

However, less than 2,000 first dose appointments will be available next week only at the clinic in San Luis Obispo. Less than 500 second-dose appointments will be available at the SLO vaccine clinic for those who already received Pfizer, and the Arroyo Grande and Paso Robles vaccine clinics will each have about 1,900 second dose appointments for those who already received Moderna. Until local supply increases, County officials ask

that eligible residents allow our most vulnerable community members to have first access to vaccine.

"Community members over 65 now have their turn to get vaccinated, but, unfortunately, we have very few appointments available at this time," said Dr. Borenstein. "We've made great progress in administering the vaccine we have and hope our future vaccine allocation from the State will allow us to continue to protect more members of our community."

Schedule an appointment at [www.Recoverslo.org/VaccineAppointments](http://www.Recoverslo.org/VaccineAppointments) or by calling the County's Phone Assistance Center at (805) 543-2444, which is now available 7 days a week, 8 a.m. to 5 p.m.

## Arroyo Grande News

Hello Chamber Colleagues: Spring is here and there is a lot to be happy about. Vaccines are rolling out. The time change is coming, along with more functional daylight hours and longer days in general. COVID numbers are dropping steadily, with no superspreader events on the horizon. I am genuinely optimistic that things are going to get better soon.

Here in Arroyo Grande, we know the hardships for businesses don't end with vaccinations. We know the struggles are real and will take time to overcome. This is why the City Council has directed staff to put together a suite of programs to help with COVID recovery, using economic development funds from our Diablo Canyon kitty. We began discussing them in February but due to the late hour, we continued the discussion to the March 9th meeting. This is a good thing, and I want to hear from you! The things we are thinking about include: another round of rent relief, which means immediate cash for your business; "COVID resiliency" grants that could

help you with things like safety upgrades, point-of-sale machines, web design for online sales, and other proposals; beautification efforts to attract in-person business; a shop local gift card program similar to other cities; a "COVID Superstar" award program to recognize businesses that have gone above and beyond to comply with COVID mandates (I appreciate you, and I want to celebrate you!); and other programs related to non-business programs. We have not prioritized this list, and it's likely we won't do them all due to limited funds. One thing the council has said so far is that we want the money we spend to be impactful: we don't want to try to do everything. Please let us know what you think and what you need. And if your idea isn't on this list, tell me any way and I'll bring it forward. It is nice to anticipate some sunshine in the coming month, both literally and figuratively. Let's look at the bright side for March.

## Grover Beach News

By now, hopefully you have heard of the Grover Beach #BuyLocal program where shoppers can earn free \$25 gift cards to a participating business if you spend \$100 or more at a Grover Beach small business (in the retail, restaurant, brewery, winery, fitness, and salon/personal services sectors). You can find out more information at the City [website](#) and at the Chamber [website](#). You can submit receipts [here](#).

Another local item of interest is the status of the Oceano Dunes and the riding area. On March 18, 2021, the

Coastal Commission will hold a public hearing to potentially take action on revisions to the Coastal Development Permit associated with operation by the CA Department of Parks and Recreation. The Coastal Commission staff report has been released and staff are making some bold recommendations for the future look of the Oceano Dunes. The Grover Beach City Council will have an item on our March 8, 2021 meeting agenda to receive input on the situation and determine if we want to take a formal position on the

current recommendation. Since this can be a divisive issue on both sides of the discussion, we encourage your local input and participation at the meeting(s). Visit the City [website](#) to learn about how to contact Council members and to participate in the March 8th City Council meeting. The agenda and city staff report should be released by the end of the day on Thursday, March 4, 2021. We look forward to your input and assistance.

**Jeff Lee**  
Mayor, City of Grover Beach

## Pismo Beach News

We are still seeing large numbers of visitors to Pismo Beach. The nice weather is a factor but people also want to get outdoors to recreate. Most of our businesses appear to be doing well with some exceptions. The city's revenue has been strong as a result.

The COVID numbers continue to fall which is encouraging news. We still need to be vigilant to keep the numbers on a downward trend.

The County and others are doing a

great job of administering the vaccine that is available which is a big help. We are also hopeful that the declining numbers will mean that some of the restrictions will be modified in the near future.

The Pismo Beach City Council certified the Final Environmental Impact Report for our Central Coast Blue water recycling program which is a major milestone. We are drilling a test well at the Coastal Dunes RV Park along High-

way 1 to help understand how the groundwater basin will respond. The dry weather we are having is a reminder of the importance of this additional source of water.

Our Police Chief, Jake Miller, is retiring after a long career of distinguished service and we will miss him. He helped keep us safe especially during the pandemic.

**Ed Waage**  
Mayor, City of Pismo Beach
