

PHCC Academy of San Diego

Journeyman Plumbing Apprenticeship Program Advanced Placement Requirements

No transfers or schedule changes allowed after third week of class. Apprentices not attending first three classes are dropped from program.

Plumbing Apprenticeship Program - Year 2

- Equivalent to 2000 hours or (1) year full-time work with a licensed plumbing contractor (must provide copy of W-2s) *
- Letter of recommendation from current or former supervisor(s)
- Pass Plumbing Year 2 Advanced Placement Exam with 80% grade or better
- Active OSHA-10 or OSHA-30 Certification Card **
- Board member interview and approval
- Pass Entrance Exams with 70% or greater on each exam:
 - Basic English Comprehension at 9th grade level
 - Basic Mathematics at 8th grade level
- All student tuition, fees and requirements apply

** If you have worked for more than one contractor for the required 2,000, you must show proof of all W-2s and provide a letter of recommendation from the owner of the company you worked for previously.*

*** OSHA-10 is included in the PHCC Academy of San Diego Plumbing Year 1 Course. If you are not OSHA-10 Certified (minimum) but meet all other qualifications for Advanced Placement, you must achieve OSHA-10 or OSHA-30 Certification within six months of admission. The PHCC Association of San Diego offers OSHA-10 Certification Training a few times during the year.*
