Career Pathways

Castro Valley High School's career pathways summer internship program has successfully placed 26 highly motivated students in various Engineering, Health and Biotechnical, Graphic Design, and Business internships in the Eden Area. This past spring, CVHS Engineering teacher Jessica Porter held mandatory workshops for potential interns in soft skills, resume writing, interviewing, and harassment to prepare students for their respective worksites. Students had to complete an application, be at least 16 years old, and sign a contract that made them aware of the necessary requirements of what was expected of them throughout the process. After vetting students to ensure they had the necessary maturity and preparation, many of them interviewed or were placed in sites that fit their pathway sectors. After school ends on June 10, many of them will commence their internships over the next few weeks. Some of our internship partners include:

Baywood Court

Castro Valley/Eden Area Chamber of Commerce

East Bay Municipal Utility District (EBMUD)

George Mark Children's House

Groveland Veterinary Hospital

OSIsoft

RBA Creative

RefleXion Medical

Spectrum Community Services

United Seniors of Oakland and Alameda County

Youth Bridge-Sutter Health

Our hope is that these robust work-based learning experiences will allow students to use the skills they learned in the classroom and apply them in a practical workplace setting. We thank our industry partners in opening their doors to our future workforce. We also hope to expand our pool of partners into the future as more local businesses see the value in helping us create the workforce of tomorrow.

If you have any questions about the program and wish to participate in some capacity, please contact.
