What YOU Need To Know

- **URGENT NOTICE:** PA Professional Licensing Waivers for Chiropractors Expiring August 31
- Upcoming Continuing Education
- 2021 PCA Annual Convention Registration

URGENT NOTICE - PA Professional Licensing Waivers for Chiropractors Expiring August 31

These waivers allowed for additional medical providers to help with COVID-19 operations outside of their traditional scope of practice, and to be authorized to order and administer COVID-19 tests

Bureau of Professional and Occupational Affairs Commissioner, K. Kalonji Johnson, sent the following letter to all Pennsylvania Licensees regarding the **expiration of the expansion of scope of practice** during the COVID-19 emergency declaration time period. Further stating "We know that some of these waivers were vital to you continuing to practice and learn during the pandemic and that these waivers should be made permanent so that you and those you serve can continue to benefit from them. Our offices of Legislative Affairs, Policy, and Intergovernmental Affairs remain engaged with the General Assembly to articulate your needs and concerns regarding those beneficial waivers." [Click Here to Read More](#)

You can find a list of the waivers on the PA Department of State website, or by [clicking here](#) and [here](#).
