

# 2020 GR Highlights

## 2020 Legislative & Regulatory

- Extended Replacing, Removing, or Upgrading Underground Storage Tanks (RUST) Program to removal deadline for single walled tanks and piping - this was a CFCA drafted bill
- Only group to oppose all proposed increases to tobacco products, including e-cigarettes
- Fought tobacco retail bans in 106 localities throughout California
- Early donor and partner of the No on Prop 15 campaign to defend Prop 13 property tax protections
- PAC Committee members met with multiple candidates, including a site visit
- Private Attorneys General Act (PAGA) reform meetings with 7 legislators in conjunction with Californians Against Lawsuit Abuse (CALA)
- 5 meetings with members of Congress through NACS partnership
- Division of Measurement Standards (DMS) rescinded regulatory notice causing widespread issues after CFCA meeting
- Ongoing meetings and dialogue with Newsom administration regarding Internal Combustion Engine (ICE) ban Executive Order, including internal working groups on electric vehicles, hydrogen fueling, and biofuels
- Largest total PAC contributions in CFCA history

## COVID-19 Response

- Daily updates to membership on lockdown measures and other government action
- Labor and insurance webinars for members to ensure they meet all requirements under COVID rules
- Won suspension of CalRecycle beverage container take-back program due to COVID-19

## Association Highlights

- PMAA and NACS presentations on federal legislation and politics
- CFCA members raised thousands of dollars for PMAA PAC
- Continuous meetings with other national and state associations in COVID response, liability protections, and response to California Executive Order banning Internal Combustion Engine (ICE) passenger vehicle sales
- Future Fuels Summit: Electric Vehicles, Hydrogen, and Biofuels

**CFCA Continues to Advocate  
on Behalf of Your Business.**
