COVID-19 UPDATES

Ohio Expands Vaccine Eligibility with Phase 1C and Phase 2

Beginning Thursday, March 4, Ohioans in Phase 1C and Phase 2 became eligible to be vaccinated at the provider of their choice. [Phase 1C](#) includes Ohioans with Type 1 Diabetes, pregnant women, bone marrow transplant recipients, and ALS (Lou Gehrig's Disease); as well as Ohioans who work in childcare services, funeral services, and law enforcement and corrections officers. [More details on Phase 1C are available in this fact sheet.](#) [Phase 2](#) includes Ohioans aged 60 years and older, which have made up 93% of the COVID-19 deaths and 2/3 of the hospitalizations.

Ohio Sets Benchmark for Ending COVID-19 Health Orders

On Thursday, March 4, Governor DeWine announced that when Ohio reaches 50 cases per 100,000 people for two weeks, all health orders will be lifted. Cases per 100,000 people for a two-week period is a measurement that Governor DeWine and the Ohio Department of Health have utilized since early in the pandemic.

Ohio's COVID-19 Town Halls Now Available On Demand

There are a lot of myths about COVID-19 vaccines. Ohio's COVID-19 Town Halls answer questions and provide access to accurate information about vaccines. The Town Halls are available on the [Ohio Department of Health's YouTube page](#) and at coronavirus.ohio.gov/townhall.

Updated Health Orders

The Ohio Department of Health has updated health orders regarding [mass gatherings, sports, and entertainment](#). Changes include: events at banquet centers no longer limited to 300 people, so long as they comply with other health orders; maximum number of spectators for indoor sports and at entertainment venues raised to 25%, and maximum attendance at outdoor sports and entertainment venues raised to 30%.

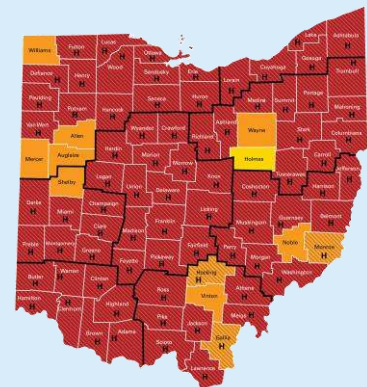

INDUSTRY INFORMATION

■ The Ohio Department of Health has not released updated guidelines for the 2021 fair season. Conversations with key stakeholders in the fair industry have begun in order to develop protocols to ensure fairs can both safely and successfully occur in 2021.

TALKING POINTS FOR YOU

- As vaccine supply increases, more and more Ohioans will be able to be vaccinated. Eventually, as vaccine becomes widely available, all Ohioans who choose to be vaccinated will be able to receive COVID-19 vaccines.
- Keep yourself safe and keep businesses open by masking up, backing up, washing up, and avoiding crowds. When Ohio has fewer than 50 cases per 100,000 cases for two weeks, COVID-19 health orders will end.
- Whether you hear myths on social media, at work, or from friends or family, there is a lot of dangerous misinformation out there about COVID-19 vaccines. The truth is that COVID-19 vaccines are safe, effective, and rigorously tested.

HOW YOU CAN HELP

- ✓ Set a good example, by wearing a mask, making virtual accommodations, and maintaining social distance when meeting face-to-face with others.
- ✓ Post on social media to describe how you are working to keep your employees and customers safe (and what they can do to help you maintain a safe environment) using the suggested hashtags.
- ✓ Submit letters to the editor or local news outlets that support the importance of key messages: wear a mask, wash hands often, and practice social distancing.
