

WELCOME!

We're so happy you MADE this choice.

HOW WE MADE OUR START.

The Mason Deerfield Chamber is dedicated to building a better Mason-Deerfield so that businesses can thrive and the community can prosper. We support our member businesses in a variety of ways, providing opportunities to make quality connections, advocating for our business' interests at the local and state level, educating and investing in our local talent, and amplifying our region through collaborative branding.

The Mason Area Chamber of Commerce was officially founded in January 1968 by seven area businessmen, and the former mayor. Its first project was the Christmas Light Fund. This project was important because it allowed the then Village of Mason to demonstrate a spirit of Christmas within the downtown business area, and have holiday decorations the entire community could be proud of. The beginning projects of the Mason Area Chamber of Commerce were important not only to the chamber members, but also to show the Village of Mason residents that the organization was working towards a purpose. The purpose of helping the business community and its residents understand how cooperation and teamwork bring the community closer together in many different ways.

The Mason Area Chamber of Commerce, in its beginning, was proud to have a small part in working with the businesses and residents to help establish the growth in Mason. The Mason Deerfield Chamber is proud to continue that legacy today.

IT'S MORE THAN A NAME,

The Mason Deerfield Chamber rebranded from the Northeast Cincinnati Chamber of Commerce in May 2015 with the launch of a new name and logo. The chamber's logo is a representation of the innovation and success we see in the future, as well as, a nod to the chamber's beginning.

It's all in the name. After spending a year surveying the businesses who were members of the Northeast Cincinnati Chamber, it was determined that no one felt a strong tie to Northeast Cincinnati as a place. Instead, the decision was made to go back to our roots and represent the Mason-Deerfield region as a whole. A region where 80% of chamber members either live or work.

Shapes matter. If you look at Mason and Deerfield together on a map, the region forms an almost perfect rectangle. So, we knew we wanted our logo to incorporate a square, with the chamber (represented in orange) serving as the unifying force bringing the region together, creating the best place to live, work, and play.

Better together. We chose to bring Mason and Deerfield inside the square by using the first two letters of each name. We know this region is MADE for greatness when we all work together.

Choose a color. When creating the new Mason Deerfield Chamber logo a lot of consideration was put into the color selection. The blue of "Mason" and the green of "Deerfield" are both colors that are incorporated in the city and township's own logos. While the orange of the "Chamber" serves as the unifying color representing enthusiasm, creativity, determination, success, and innovation.

IT'S WHAT WE'RE MADE OF.
